Memoirs of a Life Cut Short W.

ANNA KARENINA by Leo Tolstoy  
(Modern Library Classics) Anna  
Karenina (Russian: «????  
????????», IPA: [ʌnʌnʌ  
kʌrʌnʌnʌ]) is a novel by the  
Russian author Leo Tolstoy  
first published in book form in  
1878 and widely considered one  
of the greatest works of

fiction ever written. A complex  
novel in eight parts, spread  
over more than 800 pages  
(depending on the translation)  
typically contained in two  
volumes, Anna Karenina touches  
on themes of betrayal, faith,  
family, marriage, Imperial  
Russian society, desire, and  
rural vs. city life. A complex  
work with more than a dozen  
major characters, it was  
initially released in serial  
installments from 1873 to 1877  
in the periodical The Russian  
Messenger. Regarded as one of  
the finest examples of realist  
fiction, Tolstoy called Anna  
Karenina his first true novel  
(he called his other major work

of fiction, War and Peace, more  
than a novel). His  
contemporary, the Russian  
author Fyodor Dostoyevsky,  
declared it "flawless as a work  
of art," an opinion later  
shared by Vladimir Nabokov.  
American writer and Nobel Prize  
laureate William Faulkner, also  
described it as "the best novel  
ever written." The plot of  
centers on an extramarital  
affair between Anna and dashing  
cavalry officer Count Alexei  
Kirillovich that scandalizes  
the social circles of Saint  
Petersburg and forces the young  
lovers to flee for Italy in a  
futile search for happiness.  
Returning to Russia their lives

further unravel. A second major plotline follows Levin, a character loosely based on Tolstoy himself, who rejects glitzy city life and those same social circles for his rural farm but struggles with both his love for Kitty, who has rejected him, and with his Christian faith. Trains are a recurring motif throughout the novel, which take place against the backdrop of rapid transformations as a result of the liberal reforms initiated by Emperor Alexander II of Russia, with several major plot points taking place either on passenger trains or at stations in Saint Petersburg or elsewhere in Russia.

After the international success of his collection of World War II newspaper articles, German Autumn—a book that solidified his status as the most promising and exciting writer in Sweden—Stig Dagerman was sent to France with an assignment to produce more in this journalistic style. But he

could not write the much-awaited follow-up. Instead, he holed up in a small French village and in the summer of 1948 created what would be his most personal, poignant, and shocking novel: *A Burnt Child*. Set in a working-class neighborhood in Stockholm, the story revolves around a young man named Bengt who falls into deep, private turmoil with the unexpected death of his mother. As he struggles to cope with her loss, his despair slowly transforms to rage when he discovers his father had a mistress. But as Bengt swears revenge on behalf of his mother's memory, he also finds himself drawn into a fevered and conflicted relationship with this woman—a turn that causes him to question his previous faith in morality, virtue, and fidelity. Written in a taut and beautifully naturalistic tone, Dagerman illuminates the rich atmospheres of Bengt's life, both internal and eternal: from his heartache and fury to the moody streets of Stockholm and the Hitchcockian shadows of tension and threat in the woods and waters of Sweden's remote islands. *A Burnt Child* remains Dagerman's most widely read novel, both in Sweden and worldwide, and is one of the crowning works of his short but celebrated career. “Exquisite... Commonwealth is impossible to put down.” — New York Times #1 New York Times Bestseller | NBCC Award Finalist | New York Times Best Book of the Year | USA Today Best Book | TIME Magazine Top 10 Selection | Oprah Favorite Book | New York Magazine Best Book of The Year The acclaimed, bestselling author—winner of the PEN/Faulkner Award and the Orange Prize—tells the enthralling story of how an unexpected romantic encounter irrevocably changes two families' lives. One Sunday afternoon in Southern California, Bert Cousins shows up at Franny Keating's christening party uninvited. Before evening falls, he has kissed Franny's mother, Beverly—thus setting in motion the dissolution of their marriages and the joining of two families. Spanning five decades, *Commonwealth* explores how this chance encounter reverberates through the lives of the four parents and six children involved. Spending summers together in Virginia, the Keating and Cousins children forge a lasting bond that is based on a shared disillusionment with their parents and the strange and genuine affection that grows up between them. When, in her twenties, Franny begins an affair with

the legendary author Leon Posen and tells him about her family, the story of her siblings is no longer hers to control. Their childhood becomes the basis for his wildly successful book, ultimately forcing them to come to terms with their losses, their guilt, and the deeply loyal connection they feel for one another. Told with equal measures of humor and heartbreak, *Commonwealth* is a meditation on inspiration, interpretation, and the ownership of stories. It is a brilliant and tender tale of the far-reaching ties of love and responsibility that bind us together.

In this ambitious novel of madness and release, shortlisted for the Booker Prize, Doris Lessing imagines the fantastical "inner-space" life of an amnesiac. Charles Watkins, a Professor of Classics at Cambridge University, has suffered a breakdown, confined to a mental hospital as his friends and doctors attempt to bring him back to reality. But Watkins has embarked on a tremendous psychological adventure that takes him from a spinning raft in the Atlantic to a ruined stone city on a tropical island to an outer-space journey through singing planets. As he travels in his mind through memory and the farther reaches of imagination, his doctors try to subdue him with ever more powerful drugs in a competition for his soul. In this provocative novel, Lessing takes us on a harrowing voyage into the rarely glimpsed territory of the inner mind.

"This book delivers completely new and refreshing ideas on how to create value in the world."—Mark Zuckerberg, CEO of Meta  
"Peter Thiel has built multiple breakthrough companies, and Zero to One shows how."—Elon Musk, CEO of SpaceX and Tesla  
The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In *Zero to One*, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It

comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

The collapse of the Soviet Union has opened up a huge consumer market, but how do you sell things to a generation that grew up with just one type of cola? When Tatarsky, a frustrated poet, takes a job as an advertising copywriter, he finds he has a talent for putting distinctively Russian twists on Western-style ads. But his success leads him into a surreal world of spin doctors, gangsters, drug trips, and the spirit of Che Guevara, who, by way of a Ouija board, communicates theories of

consumer theology. A bestseller in Russia, *Homo Zapiens* displays the biting absurdist satire that has gained Victor Pelevin superstar status among today's Russian youth, disapproval from the conservative Moscow literary world, and critical acclaim worldwide. *Master and Man* The Death of Ivan Ilyich It's been called the greatest novel ever written. Now, Tolstoy's timeless saga of love and betrayal is transported to an awesomer version of 19th-century Russia. It is a world humming with high-powered grozium engines: where debutantes dance the 3D waltz in midair, mechanical wolves charge into battle alongside brave young soldiers, and robots—miraculous, beloved robots!—are the faithful companions of everyone who's anyone. Restless to forge her own destiny in this fantastic modern life, the bold noblewoman Anna and her enigmatic Android Karenina abandon a loveless marriage to seize passion with the daring, handsome Count Vronsky. But when their scandalous affair gets mixed up with dangerous futuristic villainy, the ensuing chaos threatens to rip apart their lives, their families, and—just maybe—all of planet Earth.

The story is often labelled a sequel to "How to Write a Blackwood Article", and deals with Signora Zenobia, who comes across a

stately cathedral and a giant clock, that soon will take her life. Both horrifying and hilarious, "A Predicament" is a bizarre story indeed, satirical in its entirety, verging on the nonsensical and the absurd. An extremely funny read, the story is definitely a dark comedy that continues the heroine's predicament from the previous tale. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Notes from the Underground is Fyodor Dostoevsky's 1864 masterpiece following the ranting, slightly unhinged memoir of an isolated, anonymous civil servant. A dramatic monologue in which the narrator leaves himself open to ridicule and reveals more of his weaknesses than he intends, this influential short novel lays the ground work for the political, religious, moral and political ideas

that are explored in Dostoevsky's later works. *Alyosha the Pot* Independently Published  
Hailed as one of the world's supreme masterpieces on the subject of death and dying, *The Death of Ivan Ilyich* is the story of a worldly careerist, a high court judge who has never given the inevitability of his death so much as a passing thought. But one day death announces itself to him, and to his shocked surprise he is brought face to face with his own mortality. How, Tolstoy asks, does an unreflective man confront his one and only moment of truth? This short novel was the artistic culmination of a profound spiritual crisis in Tolstoy's life, a nine-year period following the publication of *Anna Karenina* during which he wrote not a word of fiction. A thoroughly absorbing and, at times, terrifying glimpse into the abyss of death, it is also a strong testament to the possibility of finding spiritual salvation.

Levas Ciparis, the anti-hero of this masterly critique of life in the late Soviet Union, is a man alone and he desperately wants to belong. He is obstructed in this quest by his own innocence and decency, which occasionally cause him to act with absurd inflexibility. In fact, the irresolvable tension between moral probity and necessary compromise is one of the many themes of this novel: "Yes, I truly did believe, being an honest, sufficiently pure and persistent person, that if I took up the work of the Komsomol, I would most certainly be capable of changing and enriching that community." In part, the first-person narration describes the process of being disabused of that delusion. Ciparis is dead and writes letters to his estranged friend Tomas Kelertas, with whom he has something of a love-hate relationship, which became more obsessive after their estrangement. The randomness of life does not always work against Ciparis, as he recounts his experiences from sickly child in a basement flat to his final moments in Leningrad when all options fall away. The system can work in his favour - primarily

through a marriage that gains him a father-in-law who is a powerful, intelligent and utterly corrupt politician at the very top of the Soviet regime in Lithuania - but ultimately there is no place for him in that society or perhaps anywhere. *Memoirs of a Life Cut Short* is full of ideas, doubts and insightful observations on human behaviour borne along on a helter-skelter plot.
