At last, the solution for getting
disorganized boys back on track.

Missed assignments. Lack of focus and
enthusiasm. Falling grades. For too
many boys and their frustrated
parents, these are the facts of life. But
they don't have to be. Top academic
counselor Ana Homayoun has helped
turn even the most disorganized,
scattered, and unfocused boys into
successful young people who
consistently meet their personal and
academic challenges. She does this by
getting back to basics- -starting with a
simple fact: Most boys need to be
taught how to get organized, how to
study, and-- most important--how to
visualize, embrace and meet their own
goals. With an accessible and no-
nonsense approach, Homayoun shows
how to: ?Identify their son's
disorganizational style ?Help him set
academic and personal goals he cares
about ?Design and establish the right
"tools of the trade" ?Complete

assignments without pulling all-nighters
?Help him tune out social pressure and
 fend off anxiety Much more than a
study guide, this insightful, user-
friendly book provides a roadmap for
the success too many boys have
trouble finding--in school and in life.
