When it comes to
providing students and
teachers in nursing,
medicine, and the health
professions with the
educational materials
they need, our philosophy
is simple: learning never
ends. Everything we offer
helps students bridge the
gap between the
classroom and clinical
practice, while supporting
healthcare professionals
in their jobs.

We are studying human anatomy this year, using volume two of Sassafras Science. My daughter is very fascinated with learning about the human body systems and we have been watching some educational TedEd videos on Youtube. Just today when we were studying about the digestive system, their free digestive system video explained how the digestive system works in a way that was easy to learn (I wasn't ...
