head, neck, back, thorax, abdomen, extremities, reproductive organs, and many more body parts of dogs, cats, horses, pigs, cows, goats, and birds.

We are studying human anatomy this year, using volume two of Sassafras Science. My daughter is very fascinated with learning about the human body systems and we have been watching some educational TedEd videos on Youtube. Just today when we were studying about the digestive system, their free digestive system video explained how the digestive system works in a way that was easy to learn (I wasn't ...
