Designed for a two term human Anatomy & Physiology course for Health Professions. Part 1 has 25 Lecture Module Reviews that can be used as a basis for lecture notes or to review the material before the next lecture as well as exams. The 2nd edition contains an extra 50 pages of illustrations and tables that will help gaining knowledge and understanding of A&P. The Practice quizzes for the lecture modules are a good tool for self-assessment before exams. The newly created appendix contains a Glossary of commonly used adjectives, prefixes and suffixes as well as the Answer Keys for the Practice quizzes. The core of Part 2 is the combination of 25 Lab Modules and related Labeling Exercise Modules. For the 2nd edition the authors revised some illustrations and added more than 20 new illustrations with a focus on the dissection activities in both A&P I and II lab sessions. A new feature is the Lab Activity sheets at the end of the book. By incorporating them into the lab workbook students can go over them before the lab sessions and thus be more prepared for the activities.
