The Anatomy of PEACE (EasyRead Super Large 20pt Edition)
PublicAffairs

We expect that getting what we want will finally make us happy, but what we find is that it mostly just leads to wanting more or wanting something different. Our desires toss us to and fro until we tire of this and begin to question the value of following our desires. Being Happy (Even When You Don't Get What You Want) will help you understand desire and its purpose in your life. It will also help you discriminate between your Heart's desires and the ego's and to relate to the ego's desires in a way that reduces suffering and increases joy. By pointing out the myths about desire that keep us tied to our ego's desires and the suffering they cause, Being Happy (Even When You Don't Get What You Want) will help you be happy regardless of your desires and whether you are attaining them. So it is also about spiritual freedom, or liberation, which comes from following the Heart, our deepest desires, instead of the ego's desires. It is about becoming a lover of life rather than a desirer. A review from Neale Donald Walsch, author of Conversations with God: "Conversations with God says that happiness is not getting what you want, it is wanting what you get. Others have made the same observation, and in fact, this thought seems to be as old as time. Still, it is good to hear it again, to visit it once more, to connect with the wisdom yet one more time. And few books do as good a job, as quickly, of reconnecting us with that wisdom than this one by Gina Lake. This book had a lasting impact on me. I highly recommend it.... It offers a simple, accessible, articulate, and interesting take on

the very human experience of desire and gives us the tools to make clear choices about how we want to live our lives. An excellent read." This book was formerly titled Anatomy of Desire.

Anatomy of Want Open Road Media

Combining over fifteen years of clinical experience with her groundbreaking research into the science of flow, Dr. Emily Jamea's ANATOMY OF DESIRE delivers a fresh perspective on the untapped potential of our sex lives, intimate partner connections, and personal wellbeing. "Dr. Emily Jamea makes difficult issues simple and accessible via her central tenet that expressing our authentic sexual selves is not about venturing into the unknown but rather searching within ourselves and tapping into our innate, albeit uncultivated, sexual potential. Dr. Emily guides us on this journey with care and curiosity" – Ian Kerner, PhD LMFT, NY Times best-selling author of She Comes First The experience of effortlessness, total absorption, and loss of space and time are feelings that everyone wants to enjoy while making love. However, regardless of everyone's desire for better sex, passion and sexual satisfaction tend to diminish in longer-term relationships. This is a problem because studies consistently show that sexual satisfaction is key to relationship satisfaction. Great sex is something we all deserve. As a seasoned sex and relationship therapist, Dr. Emily Jamea has developed a unique approach for boosting sexual desire and pleasure. Anatomy of Desire identifies five secrets sensuality, curiosity, adaptability, vulnerability, and attunement that help her clients transform sex from sub-par to extraordinary. Woven through each secret is the science of "flow state." Drawing from her first-of-its-kind published research, Dr. Emily teaches readers how to apply the science of flow to get the sex they want despite the challenges of today's modern world. Clients, workshop participants, and hundreds of thousands of social media followers have already benefited from her approach. Dr. Emily Jamea's debut book, Anatomy of Desire: Five Secrets to Create Connection and Cultivate Passion makes her novel approach available to everyone.

The Other Side of Desire University Press of America

What is fascism? By focusing on the concrete: what the fascists did, rather than what they said, the esteemed historian Robert O. Paxton answers this question. From the first violent uniformed bands beating up "enemies of the state," through Mussolini's rise to power, to Germany's fascist radicalization in World War II, Paxton shows clearly why fascists came to power in some countries and not others, and explores whether fascism could exist outside the early-twentieth-century European setting in which it emerged. "A deeply intelligent and very readable book. . . . Historical analysis at its best." – The Economist The Anatomy of Fascism will have a lasting impact on our understanding of modern European history, just as Paxton's classic Vichy France redefined our vision of World War II. Based on a lifetime of research, this compelling and important book transforms our knowledge of fascism – "the major political innovation of the twentieth century, and the source of much of its pain."

The Anatomy of Desire Ember

Sequel to Anatomy of a Boyfriend, in which college pre-med Dominique explores love and lust.

Anatomy: A Love Story Vintage

INSTANT #1 NEW YORK TIMES BESTSELLER *INSTANT #1 INDIE BESTSELLER* *INSTANT USA TODAY BESTSELLER* *A REESE'S YA BOOK CLUB PICK* "Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart." - Booklist (starred review) Dana Schwartz's Anatomy: A Love Story is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she

wants to marry. Jack Curren is a resurrection man who's just trying to survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow her to continue her medical career. Without official lessons, though, Hazel will need more than just her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.

"There is nothing more alienating than having your pleasures disputed by someone with a theory," writes Lauren Berlant. Yet the ways in which we live sexuality and intimacy have been profoundly shaped by theories - especially psychoanalytic ones, which have helped to place sexuality and desire at the center of the modern story about what a person is and how her history should be read. At the same time, other modes of explanation have been offered by popular and mass culture. In these domains, sexual desire is not deemed the core story of life; it is mixed up with romance, a particular version of the story of love. In this small theoretical novella-cum-dictionary entry, Lauren Berlant engages love and desire in separate entries. In the first entry, Desire mainly describes the feeling one person has for something else: it is organized by psychoanalytic accounts of attachment, and tells briefly the history of their importance in critical theory and practice. The second entry, on Love, begins with an excursion into fantasy, moving away from the parent-child structure so central to psychoanalysis and looking instead at the centrality of context, environment, and history. The entry on Love describes some workings of romance across personal life and commodity culture, the place where subjects start to think about fantasy on behalf of their actual lives. Whether viewed psychoanalytically, institutionally, or ideologically, love is deemed always an outcome of fantasy. Without fantasy, there would be no love. Desire/Love takes us on a tour of all of the things that sentence might mean.

How does advertising work? Does it have to attract conscious attention in order to transmit a 'Unique Selling Proposition'? Or does it insinuate emotional associations into the subconscious mind? Or is it just about being famous... or maybe something else again?

[The Anatomy of Fascism](#) Random House Trade Paperbacks

Have you ever wondered what goes on in the mind of a man? What if you had a guide to walk you through the progression of manhood from being a child, to adolescence and eventual entry into adulthood? Anatomy of a Cheater is the detail understanding of what makes a man attempt to divide his love and affection with more than just one love interest. The approach used by first time author and Life Coach Hurchel Williams, MBA is a comprehensive look at his own life through understanding and trial versus error. This peek into a man's mind offers women an exclusive, behind the scenes walk through Hurchel's research and discovery of why his indiscretions lead to a life altering, watershed event that changed his approach forever!

Anatomy of a Cheater is a 3 book trilogy that will expand your thoughts and perception into the background of a normal adult with a "no hidden secrets" approach. Hurchel opened his intriguing life for everyone to see "WHY" men feel the need to spread themselves around in an effort to please themselves at the detriment of innocent, unsuspecting women! This direction has never before been attempted with key point drawn upon to break down the intrigue and mystery into what leads a man on a sexual journey of lies, deception and deep seated lust for a desired feeling. Do yourself a favor and not only read this book, but understand the purpose of each novel in this series. It tugs at your sexual heart and says unequivocally, "everyone has change inside them!"

[Hans Bellmer](#) Ballantine Books

In [The Anatomy of a Calling](#), Lissa Rankin, MD, makes a simple yet revolutionary claim: We are all, every single one of us, heroes. We are all on what Joseph Campbell calls "a hero's journey;" we are all on a mission to step into our true nature and fulfill the assignment our souls were sent to Earth to fulfill. Navigating the hero's journey, Dr. Rankin argues, is one of the cornerstones of living a meaningful, authentic, healthy life. In clear, engaging prose, Dr. Rankin describes her entire spiritual journey for the first time--beginning with what she calls her "perfect storm" of events--and recounts the many transformative experiences that led to a profound awakening of her soul. Through her father's death, her daughter's birth, career victories and failures, and an ongoing struggle to identify as both a doctor and a healer, Dr. Rankin discovers a powerful self-awareness. As she shares her story, she encourages you to find out where you are on your own journey and offers wisdom and inspiration in the form of "Hero's Guideposts" along the way. Dr. Rankin weaves in lessons on trusting intuition, surrendering to love, and learning to see adversity as an opportunity for soul growth. Much more than a memoir, [The Anatomy of a Calling](#) guides you to make a powerful shift in consciousness and reach your highest destiny.

[Women's Anatomy of Arousal](#) Gina Lake

How does an actor bring a script to life? The actor must know how to read a script, break it down, and mine all of its clues in order to make the most effective choices. [The Anatomy of a Choice: An Actor's Guide to Text Analysis](#) offers the actor a concrete method for approaching a script. This guide details a simple process to discover and define a character's scene and super-objective, obstacle, beats, and tactics. It includes practical information on how to build a character, how best to use rehearsal time, and what to do when nothing is working.

[The Anatomist](#) St. Martin's Press

A novel that explores the complexities of a family in a small Queensland after the death of one of the daughters.

[The Anatomy of Prejudices](#) Orbit Books

Written as an engaging story, this book shows how mistaken views can cause people to misread situations and exacerbate the issues they wish to improve. "The Anatomy of Peace" illustrates how to make inner peace a potent tool for achieving outer satisfaction.

[American Gothic Tales](#) Macmillan

This remarkable anthology of gothic fiction, spanning two centuries of American writing, gives us an intriguing and entertaining look at how the gothic imagination makes for great literature in the works of forty-six exceptional writers. Joyce

Carol Oates has a special perspective on the “gothic” in American short fiction, at least partially because her own horror yarns rank on the spine-tingling chart with the masters. She is able to see the unbroken link of the macabre that ties Edgar Allan Poe to Anne Rice and to recognize the dark psychological bonds between Henry James and Stephen King. In showing us the gothic vision—a world askew where mankind’s forbidden impulses are set free from the repressions of the psyche, and nature turns malevolent and lawless—Joyce Carol Oates includes Henry James’s “The Romance of Certain Old Clothes,” Herman Melville’s horrific tale of factory women, “The Tartarus of Maids,” and Edith Wharton’s “Afterward,” which are rarely collected and appear together here for the first time. Added to these stories of the past are new ones that explore the wounded worlds of Stephen King, Anne Rice, Peter Straub, Raymond Carver, and more than twenty other wonderful contemporary writers. This impressive collection reveals the astonishing scope of the gothic writer’s subject matter, style, and incomparable genius for manipulating our emotions and penetrating our dreams. With Joyce Carol Oates’s superb introduction, *American Gothic Tales* is destined to become the standard one-volume edition of the genre that American writers, if they didn’t create it outright, have brought to its chilling zenith.

Anatomy of the Soul InterVarsity Press

We expect that getting what we want will finally make us happy, but what we find is that it mostly just leads to wanting more or wanting something different. Our desires toss us to and fro until we tire of this and begin to question the value of following our desires. *Anatomy of Desire* will help you understand desire and its purpose in your life. It will also help you discriminate between your Heart’s desires and the ego’s and to relate to the ego’s desires in a way that reduces suffering and increases joy. By pointing out the myths about desire that keep us tied to our ego’s desires and the suffering they cause, *Anatomy of Desire* will help you be happy regardless of your desires and whether you are attaining them. So it is also about spiritual freedom, or liberation, which comes from following the Heart, our deepest desires, instead of the ego’s desires. It is about becoming a lover of life rather than a desirer.

Anatomy of Desire Queer Mojo

Perfect for book clubs or the beach, Aggie Blum Thompson’s *I Don’t Forgive You* is a page-turning, thrilling debut “not to be missed.” (Wendy Walker) An accomplished photographer and the devoted mom of an adorable little boy, Allie Ross has just moved to an upscale DC suburb, the kind of place where parenting feels like a competitive sport. Allie’s desperate to make a good first impression.

Then she’s framed for murder. It all starts at a neighborhood party when a local dad corners Allie and calls her by an old, forgotten nickname from her dark past. The next day, he is found dead. Soon, the police are knocking at her door, grilling her about a supposed Tinder relationship with the man, and pulling up texts between them. She learns quickly that she’s been hacked and someone is impersonating her online. Her reputation—socially and professionally—is at stake; even her husband starts to doubt her. As the killer closes in, Allie must reach back into a past she vowed to forget in order to learn the shocking truth of who is destroying her life. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Anatomy of Story Simon and Schuster

Among the many forms of prejudice, Young-Bruehl pays particular attention to four - antisemitism, racism, sexism, and homophobia - which she exposes in their distinctiveness and their similarities.

Desire/Love Penguin UK

Jacob is a man with an overwhelming attraction to female feet. The Baroness is a clothing designer and evangelical sadist. Roy is a wedding band singer entranced by his step daughter. Ron and Laura are simply in love - only Laura lost both her legs in a car accident, and Ron is beguiled by a beauty many would be blind to. How do we deal with desire? Our own, and the desires of others? How do we comprehend desires that are extreme, or unacceptable? And how do those who have them, live with them? In *A Map of Desire* Daniel Bergner takes us on a journey into human passion suffered, endured, and celebrated. Desire is a sometimes anarchic, sometimes ecstatic, sometimes destructive, sometimes redeeming, and always powerful force. Immersing himself in it through the people whose lives he follows and the scientists he spends time with who are trying to understand it, slowly he exposes and illuminates layers of our humanity.

The Botany of Desire Dead Letter Office, BABEL Working Group

A study of Hans Bellmer’s eroticized images and the psychological origins of his disturbing art.

The Anatomy of Dreams CreateSpace

Discover the award-winning debut novel by the New York Times bestselling author of *The Immortalists*, a “majestic collision of sci-fi thriller and love story” (Bustle) about a young woman struggling with questions of love, trust, and ethics as the line between dreams and reality dangerously blurs. When Sylvie Patterson, a bookish student at a Northern California boarding school, falls in love with a

spirited, elusive classmate named Gabe, they embark on an experiment that changes their lives. Their headmaster, Dr. Adrian Keller, is a charismatic medical researcher who has staked his career on the therapeutic potential of lucid dreaming: by teaching his patients to become conscious during sleep, he believes he can relieve stress and trauma. Over the next six years, Sylvie and Gabe become consumed by Keller’s work, following him across the country. But when an opportunity brings the trio to the Midwest, Sylvie and Gabe stumble into a tangled relationship with their mysterious neighbors—and Sylvie begins to doubt the ethics of Keller’s research. As she navigates the hazy, permeable boundaries between what is real and what isn’t, who can be trusted and who cannot, Sylvie also faces surprising developments in herself—an unexpected infatuation, growing paranoia, and a new sense of rebellion. With stirring, elegant prose, “Chloe Benjamin has crafted an eerie, compelling first novel which, like the lingering effects of a vivid dream, resonates long past its finish” (Karen Brown, *The Longings of Wayward Girls*).
