Adults don't talk about the business of doing our business. We work on one assumption: the world of public bathrooms is problem- and politics-free. No Place To Go: Answering the Call of Nature in the Urban Jungle reveals the opposite is true. No Place To Go is a toilet tour from London to San Francisco to Toronto and beyond. From pay potties to deserted alleyways, No Place To Go is a marriage of urbanism, social narrative, and pop culture that shows the ways

— momentous and mockable — public bathrooms just don't work. Like, for the homeless, who, faced with no place to go sometimes literally take to the streets. (Ever heard of a municipal poop map?) For people with invisible disabilities, such as Crohn ' s disease, who stay home rather than risk soiling themselves on public transit routes. For girls who quit sports teams because they don ' t want to run to the edge of the pitch to pee. Celebrities like Lady Gaga and Bruce Springsteen have protested bathroom bills that will stomp on the rights of transpeople. And where was Hillary Clinton after she arrived back to the stage late after the first commercial break of the live-televised Democratic leadership debate in December 2015? Stuck in a queue for the women ' s bathroom. Peel back the layers on public bathrooms and it ' s clear many more people want for good access than have it. Public bathroom access is about cities, society, design, movement, and equity. The real question is: Why are

---

public toilets so crappy?

After a year spent at a boarding school for her past mistakes, Ashlyn is ready to reconnect with her friends, restart her life, and enter senior year. But when family trouble hits home and she is forced to help out at her estranged cousin's wilderness retreat center, Ashlyn struggles between returning to the girl she was or growing into someone new. Ashlyn Zanotti has big plans for the summer. She's just spent a year at boarding school and can't wait to get home. But when Ashlyn's

father is arrested for tax evasion and her mother enters a rehab facility for "exhaustion," a.k.a. depression, her life is turned upside down again. Things go from bad to worse when Ashlyn's father sends her to work with a cousin she doesn't even know at a rustic team-building retreat center in the middle of nowhere. A self-proclaimed "indoor girl," not even Ash's habit of leaving breadcrumb quotes--inspirational sayings she scribbles everywhere--can help her cope. With a dangerously careless camp manager doling out grunt work, an overbearing father trying to control her even from prison, and more than a little boy drama to struggle with, the summer is full of challenges. And Ashlyn must make the toughest decision of her life: keep quiet and follow her dad's marching orders or find the courage to finally stand up to her father to have any hope of finding her way back home. The optimistic vision of a "Europe whole and free" after the fall of the Berlin Wall in 1989 has given way to disillusionment, bitterness, and renewed hostility between Russia and the West. In *No Place for Russia*, William H. Hill traces the development of the post-Cold War European security order to explain today's tensions, showing how attempts to integrate Russia into a unified Euro-Atlantic security order were gradually overshadowed by the domination of NATO and the EU—at Russia's expense. Hill argues that the redivision of Europe has been largely unintended and not the result of any single decision or action. Instead, the current situation is the cumulative result of many decisions—reasonably

made at the time—that gradually produced the current security architecture and led to mutual mistrust. Hill analyzes the United States' decision to remain in Europe after the Cold War, the emergence of Germany as a major power on the continent, and the transformation of Russia into a nation-state, placing major weight on NATO's evolution from an alliance dedicated primarily to static collective territorial defense into a security organization with global ambitions and capabilities. Closing with Russia's annexation of Crimea and war in eastern Ukraine, *No Place for Russia* argues that the post-Cold War security order in Europe has been irrevocably shattered, to be replaced by a new and as-yet-undefined order.

The discovery of a family cookbook changes the life of a beleaguered woman in this novel by the author of *The Language of Sisters*. Two years ago, Olivia Martindale left behind her Montana hometown and her husband, Jace, certain it was the best decision for both of them. Back temporarily to protect her almost-adopted daughters from their biological mother, she discovers an old, handwritten cookbook in the attic. Its pages are stained and torn, their edges scorched by flame. Some have been smeared by water . . . or tears. The recipes are written in different hands and in different

---

languages. In between the pages are intriguing mementos, including a feather, a pressed rose, a charm, and unfamiliar photographs. Hoping the recipes will offer a window into her grandmother's closely guarded past, Olivia decides to make each dish, along with their favorite family cake recipes, and records her attempts. The result, like much of her life to date, involves a parade of near-disasters and chaotic appearances by her doctor mother, her blunt grandma, her short-tempered sister, and Olivia's two hilarious daughters. The project is messy, real—and an unintended hit with viewers. Even more surprising is the family history Olivia is uncovering, and her own reemerging ties to Montana, and to Jace. Generations of women have shared these recipes, offering strength and nourishment to each other and their loved ones. Now it's Olivia's turn to find healing—and determine where her home and her heart truly belong. Praise for Cathy Lamb "This finely pitched family melodrama is balanced with enough gallows humor and idiosyncratic characters to make it positively irresistible."

Desai's Hand-book of Criminal Cases Dafina Books

Trajectories brings together cultural theorists not only from countries with a known historical critical tradition such as

America, Canada and Australia but from the East-Asia locations of Hong Kong, Korea, Singapore, Taiwan, Philippines, India and Thailand. It constitutes a critical confrontation between the imperial and colonial co-ordinates of north and south, east and west. Without rejecting the Anglo-American practices of cultural studies, the contributors present critical cultural studies as an internationalist and decolonized project. Trajectories links critical energies together and charts future directions of the discipline. The contributors discuss subjects such as Japanese colonial discourse, cultural studies out of Europe, Chinese nationalism in the context of global capitalism, white panic, stories from East Timor, queer life in Taiwan and new social movements in Korea. The book ends with an interview with Stuart Hall.
