Seriously is about

how religious beliefs and religious believers are assessed by judges and legal scholars and are sometimes mischaracterized and misunderstood by those who are critical of the influence of religion in politics or in the formation of law. Covering three general topics - reason and motive, dignity and personhood, nature and sex -

philosopher and legal theorist Francis J. Beckwith carefully addresses several contentious legal and cultural questions over which religious and non-religious citizens often disagree: the rationality of religious belief, religiously motivated legislation, human dignity in bioethics, abortion and embryonic stem cell research, reproductive rights and religious liberty, evolutionary theory, and the nature of marriage. In the process, he responds to some well-known critics

of public faith - including Brian Leiter, Steven Pinker, Suzanna Sherry, Ronald Dworkin, John Rawls, and Richard Dawkins - as well as to some religiously conservative critics of secularism, such as the advocates for intelligent design. *Holy Bible (NIV)* Wipf and Stock Publishers An enduring scriptural treasure and a classic of Christian literature, this modern translation is a beautiful and true rendering of the New Testament. Although the doctrine of eternal generation has been affirmed by theologians of nearly every ecclesiastical tradition since the fourth century, it has fallen on hard times among evangelical theologians since the nineteenth century. The doctrine has been a structural element in two larger doctrinal complexes: Christology and the Trinity. The

neglect of the doctrine of eternal generation represents a great loss for constructive evangelical Trinitarian theology.

Retrieving the doctrine of eternal generation for contemporary evangelical theology calls for a multifaceted approach.

Retrieving Eternal Generation addresses (1) the hermeneutical logic and biblical bases of the doctrine of eternal generation; (2) key historical figures and moments in the development of

the doctrine of eternal generation; and (3) the broad dogmatic significance of the doctrine of eternal generation for theology. The book addresses both the common modern objections to the doctrine of eternal generation and presents the productive import of the doctrine for twenty-first century evangelical theology.

Contributors include Michael Allen, Lewis Ayres, D. A. Carson, Oliver Crisp, and more.

Addressing a topic of growing and vital concern, this book asks us to reconsider how we think about the natural world and our place in it. Steven Bouma-Prediger brings ecotheology into conversation with the emerging field of environmental virtue ethics, exploring the character traits and virtues required for Christians to be responsible keepers of the earth and to flourish in the challenging decades to come.

He shows how virtue ethics can enrich Christian environmentalism, helping readers think and act in ways that rightly value creation. Metropolitan Pulpit and Homiletic Monthly WestBow Press
The key to becoming a saint is to actively practice the virtues. How can you practice the virtues if you do not understand the concept of “virtues”? This book is comprised of twelve virtues that will aid you in your quest to become a saint. The three theological virtues (faith, hope, charity) are in Part

1 of this book. Next, you will dive into the four cardinal virtues (prudence, justice, fortitude, temperance). Finally, you will learn about five virtues close to my heart (patience, compassion, perseverance, authenticity, purposefulness). It is my hope that you will find at least one of these virtues tugging at your heart to develop further in your life. Perhaps learning of these virtues will lead you to research other virtues and their meaning to you. In a concise, easy to follow format, each chapter consists of the following elements

<p>pertaining to each virtue:</p> <ul style="list-style-type: none"> • Definition • Scripture passages • Catechism of the Catholic Church • A saint that exhibits the virtue • Real lives, real stories connecting each virtue to another person • Reflection tying the saint to the other person as he/she strives for that virtue • Questions to guide you to reflect on each virtue • Digging deeper where you can ponder Biblical figures and how they practice each virtue • Closing prayer <p>As you journey through this book, I pray you grow closer to God. We Need To Know God: Deteriorating conditions in the world and the church plead for God to act. Rampant wickedness and lifeless religion had obliterated an accurate picture of God. God purposed from the foundation of the earth to give Himself to redeem mankind. Creation groaned waiting in pain for the anticipated act. As John might say it, "His hour had come." The hour arrived for God to come and walk among us. God incarnated joining Himself to humanity with ties that will never be broken. He lived among us

showing us His heart. We had heard of a God of love, but in Jesus, we experience a God of love. A lost world asks, "What is God like?" He answers the question by walking among us. He didn't just tell us how much He loves us, He demonstrated it as He "became flesh, and dwelt among us, and we saw His glory, glory as of the only begotten from the Father, full of grace and truth" (John 1:14). God incarnates to give us life!

Spiritual lethargy is one of the greatest dangers to confront a believer in his or her day-to-day walk with God. A. W. Tozer said,
“ There are only three directions

from which danger comes to the Christian life. They are the world through which we journey, the god of this world and our own mortified flesh. ” In this never-before-published book, the renowned teacher issues a clarion call for all Christians to awaken to the times in which we live and stand boldly against spiritual and moral slumber. Tozer ’ s focus is on those few believers who will heed the call to arouse themselves rise up in the face of the great temptation to malaise that is before us, believing that God always begins with one or two who hear and

The Bible reveals glorious things. And yet we often miss its power because we read it the same way we read any other book. In Reading the Bible Supernaturally, best-selling author John Piper teaches us how to read the Bible in light of its divine author. In doing so, he highlights the Bible's unique ability to reveal God to humanity in a way that informs our minds, transforms our

hearts, and ignites our love. With insights into the biblical text drawn from decades of experience studying, preaching, and teaching Scripture, Piper helps us experience the transformative power of God's Word—a power that extends beyond the mere words on the page.

Ultimately, Piper shows us that in the seemingly ordinary act of reading the Bible, something supernatural happens: we encounter the living God.

This book traces and
clarifies steps towards
the fulfillment of the
promise to Abraham
through the twists
and turns of Israelite
history to culminate

in the unexpected
manner of its
fulfillment. The
manner of the
fulfillment is to be
understood not
through prophecy but
through Levitical
Law, which Jesus
declared he had come
to observe and not set
aside. To do otherwise
would ignore that
declaration and
inevitably distort the
nature of Jesus ' mission and salvific
work. This book
accordingly provokes
new questions but also
leads to conformable
answers. Why would
the magi come from
Babylon to worship a
Judahite baby? Why
was there the
temptation in the
wilderness? Why did
Jesus establish a
priesthood? How does
Levitical law explain
Jesus ' missing body?
Above all, what does

it really mean to say
that the Son of God
and Lord of life died?

the Church's

nature of

communicates with

human beings. It

touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.
