Andrew Wyeth Routledge

An insightful and essential new survey of Wyeth's entire career, situating the milestones of his art within the trajectory of 20th-century American life This major retrospective catalogue explores the impact of time and place on the work of beloved American painter Andrew Wyeth (1917-2009). While previous publications have mainly analyzed Wyeth's work thematically, this publication places him fully in the context of the long 20th century, tracing his creative development from World War I through the new millennium. Published to coincide with the centenary of Wyeth's birth, the book looks at four major chronological periods in the artist's career: Wyeth as a product of the interwar years, when he started to form his own "war memories" through military props and documentary photography he discovered in his father's art studio; the change from his "theatrical" pictures of the 1940s to his own visceral responses to the landscape around Chadds Ford, Pennsylvania, and his family's home in Maine his sudden turn, in 1968, into the realm of erotic art, including a completely new assessment of Wyeth's "Helga pictures"--a series of secret, nude depictions of his neighbor Helga Testorf--within his career as a who and his late, self-reflective works, which includes the discussion of his previously unknown painting entitled Goodbye, now believed to be Wyeth's last work.

*A Piece of the World* Eakins Press Foundation

"A revelation. No one will ever view Andrew Wyeth's apparently tranquil works the same way again after reading this vivid and astonishing portrait of the turbulent, driven man who paints them. Richard Meryman has written a wonderful book." -- Geoffrey C. Ward At its most fundamental level, this stunning and unique biography describes a distinguished painter's enterprise of transmitting emotion onto a flat surface. It explores all the factors that have combined to create Andrew Wyeth -- his childhood in a hothouse of creativity; his hypersensitivity; his formidable wife; his identification with people marginalized and misunderstood -- all which have made him an American icon. In the process, his realist works in watercolor and tempera, including the famous "Christina's World," have gained him a special and secure niche in the history of American art. The book is a portrait of obsession -- how single-mindedness has affected Wyeth's relationships and transformed his world into a realm of secrecy and fervid imagination. Those who read this book will never look at Wyeth's work as they did before. It reveals the artist's dark depths, as well as the ruthless, angry, child/man fantasist who paints the basic brutalities of existence -- death and madness --that vibrate eerily beneath his pictures' calm surfaces. Richard Meryman's narrative is almost novelistic, with its larger-than-life characters and subplots: the tragedy of C.C. Wyeth; Betsy Wyeth's campaign for independence and individuality; the byzantine 15-year-long drama of the Helga paintings; the eccentric and creative Wyeth clan; and the idiosyncratic land and people of Maine and Pennsylvania. Based on 30 years of research, frequent visits and countless conversations with the artist, his family, friends, admirers and critics, Andrew

Wyeth: A Secret Life is the only book about the man and the artist that gets behind his carefully guarded screen, tells the full story of his life and reveals his complex personality and the motivations for his paintings.

he Wyeth family - including Andrew, his father N.C and son Jamie - were one of the most significant art dynasties in America. In 1982, a gang of thieves decided to steal an original Wyeth painting for their 'retirement' and engaged a professional cat burglar to carry out the robbery. The theft resulted in the loss of 15 paintings from the Wyeth estate, with initial reports valuing the stolen works at around £ 550,000 - today, those paintings would be worth millions of dollars. The search for the paintings takes the investigators throughout the United States and involves dangerous thieves, gamblers, drug dealers and murderers.

New Makers of Modern Culture Yale University Press

Urban realism, snow-covered streets of New York, boxing matches, children on the banks of a river, the painters of the Ash Can School preferred realistic images. Their paintings are a true hymn to noise and sensations. This unconventional movement enabled the birth of a true national artistic identity which broke free from the establishment. The Ash Can School resolutely promoted the affirmation of the modernist current of American art. Edward Hopper, who was a student of Robert Henri, embraced the principles of this movement and brought them to another level.

A Harvard Dean with a perfect life discovers a dark side he never knew he had—or wanted—in this “ sharp, moving, poignant ” novel (The Washington Post Book World). Philip Tate is a man who has everything—youthful looks, a beautiful wife and loving family, and a distinguished deanship at Harvard. But a night-time drive will lead Philip to jeopardize everything in a moment ’ s flirtation with the forbidden. For on that drive he will meet the Kizers: beautiful, troubled Dixie and brilliant, kinky Hal. And by stepping into the Kizers ’ house and into the midst of their sad marriage, Philip sets in motion the near ruin—and perhaps the salvation—of his entire world . . . In a “ heavily ironic chronicle of professional success, inward misery, and middle-aged sexual guilt, ” John L ’ Heures reminds us that sometimes—in both marriage and life—having everything is not enough (Publishers Weekly).

The Wyeths Harper Perennial

INSTANT NEW YORK TIMES BESTSELLER "A must-read for anyone who loves history and art." --Kristin Hannah From the #1 New York Times bestselling author of the smash bestseller Orphan Train, a stunning and atmospheric novel of friendship, passion, and art, inspired by Andrew

Wyeth ' s mysterious and iconic painting Christina ' s World. "Later he told me that he ' d been afraid to show me the painting. He thought I wouldn ' t like the way he portrayed me: dragging myself across the field, fingers clutching dirt, my legs twisted behind. The arid moonscape of wheatgrass and timothy. That dilapidated house in the distance, looming up like a secret that won ' t stay hidden." To Christina Olson, the entire world was her family ' s remote farm in the small coastal town of Cushing, Maine. Born in the home her family had lived in for generations, and increasingly incapacitated by illness, Christina seemed destined for a small life. Instead, for more than twenty years, she was host and inspiration for the artist Andrew Wyeth, and became the subject of one of the best known American paintings of the twentieth century. As she did in her beloved smash bestseller Orphan Train, Christina Baker Kline interweaves fact and fiction in a powerful novel that illuminates a little-known part of America ' s history. Bringing into focus the flesh-and-blood woman behind the portrait, she vividly imagines the life of a woman with a complicated relationship to her family and her past, and a special bond with one of our greatest modern artists. Told in evocative and lucid prose, A Piece of the World is a story about the burdens and blessings of family history, and how artist and muse can come together to forge a new and timeless legacy.

An American Vision Harry N Abrams Incorporated

An extraordinary private collection of watercolors and drawings by Andrew Wyeth depicting the subjects memorialized in his legendary painting Christina's World, one of the best-known works of American art. This book presents rarely seen watercolors and drawings Andrew Wyeth made of his friend Christina Olson, her brother Alvaro, and the weathered Maine farmstead where they lived. It features moving portraits and serene interior and exterior views of the house and the surrounding land, now memorialized in Wyeth's 1948 tempera painting Christina's World, one of the most famous paintings in the history of American art and now in the Museum of Modern Art, New York. Some forty-five works from the collection of the Marunuma Art Park in Japan, rarely shown before in the United States, are accompanied by works from the Farnsworth as well as by historical photographs of Wyeth, the Olsons, and the house. Otoy Nakamura writes about the history of this collection of Wyeth works, and Michael Komanecky addresses the place of the Olson farm in Wyeth's career over three decades, and how Christina's World and the Olson House have inspired pilgrimages for fans of Wyeth's work. Despite its isolated location and seasonal schedule, Olson House draws thousands of visitors each year from around the world. The Olson House, acquired by the Farnsworth Art Museum in 1991, has been recommended for National Landmark status.

Still Talking Andrew Wyeth

Presents an essay on Andrew Wyeth's most famous painting, "Christina's World," discussing the artist's inspiration, specific details, and the controversies surrounding both the work and his life after its release.

The Art of Andrew Wyeth National Gallery of Art, Washington/D.A.P.

"New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty-five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union; the rise and fall of postmodernism; the eruption of Islamic fundamentalism; the triumph of the Internet. Containing over eight hundred essay-style entries, and covering the period from 1850 to the present, New Makers includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film-makers and many other culturally significant individuals and is thoroughly international in its purview. With its global reach, New Makers of Modern Culture provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross-referencing. There is an index of names and key terms."--Publisher's description

Presenting recently rediscovered drawings, *Life and Death* explores what it means for an artist to picture their own death, in both the context of Wyeth's late career and contemporary American art. This volume presents for the first time a recently rediscovered series of pencil drawings from the early 1990s, through which Wyeth imagined his own funeral. Chapters by leading art historians explore the significance of picturing one's own death in both the context of Wyeth's late career and contemporary American art. The book connects the funeral series to Wyeth's decades-long engagement with death as an artistic subject in painting, his relationships with the models depicted, and his use of drawing as an expressive and exploratory medium. It further inserts Wyeth's work into a larger conversation about mortality and self-portraiture that developed in American art since the 1960s, and includes works by Duane Michals, Andy Warhol, David Wojnarowicz, George Tooker, Janaina Tschäpe and Mario Moore. While his contemporaries posed a variety of existential questions in picturing their own passing, those that interrogate the universality of death as a human experience have become especially urgent in the wake of the coronavirus pandemic and the national reckoning with racial inequality that emerged in 2020. *Andrew Wyeth: Life and Death* thus addresses ideas about loss, grief, vulnerability and (im)mortality that pervade the current moment. American painter Andrew Wyeth (1917-2009) lived his entire life in his birthplace of Chadds Ford, Pennsylvania, and his summer home in mid-coast Maine. His seven-decade career was spent painting the land and people that he knew and cared about. Renowned for his tempera painting *Christina's World* (1948), Wyeth navigated between artistic representation and abstraction in a highly personal way.

Andrew Wyeth, *Christina's World*, and the Olson House Parkstone International

"For two decades famed artist Andrew Wyeth forged a special relationship with neighbors Helen and George Sipala. The couple was a special part of Andrew's world and their home, Painter's Folly, became a home-away-from-home refuge for Andrew and also a studio.

Andrew included the couple in many of his special events, from art openings in New York City to a movie preview with Charlton Heston. Helen and George hosted Christmas parties for Andrew and Andrew invited the couple to spend time with him in Maine during summers. Besides being a friend, hostess and model for Andrew, Helen was a confidant of the painter. Helen and Andrew spent many hours discussing painting, family, religion and other sensitive subjects. Andrew suggested that Helen keep a diary of their meetings and talks. He hoped Helen "was writing all this down." If Helen was to share their relationship, Andrew wanted her to not make his stories "sweet" but to "put an edge to it." *Beyond the MARRIAGE Bed* is the sweet and not too sweet chronicle of the relationship among Andrew Wyeth and Helen and George Sipala"--

Andrew Wyeth Routledge

*Wild Spaces, Open Seasons* traces the theme of hunting and fishing in American art from the early nineteenth century through World War II. Describing a remarkable group of American paintings and sculpture, the contributors reveal the pervasiveness of the subjects and the fascinating contexts from which they emerged. In one important example after another, the authors demonstrate that representations of hunting and fishing did more than illustrate subsistence activities or diverting pastimes. The portrayal of American hunters and fishers also spoke to American ambitions and priorities. In his introduction, noted outdoorsman and author Stephen J. Bodio surveys the book's major artists, who range from society painters to naturalists and modernists. Margaret C. Adler then explores how hunting and fishing imagery in American art reflects traditional myths, some rooted in classicism, others in the American appetite for tall tales. Kory W. Rogers, in his discussion of works that valorize the dangers hunters faced pursuing their prey, shows how American artists constructed new rituals at a time when the United States was rapidly transforming from a frontier society into a modern urban nation. Shirley Reece-Hughes looks at depictions of families, pairs, and parties of hunters and fishers and how social bonding reinvigorated American society at a time of social, political, and cultural change. Finally, Adam M. Thomas considers themes of exploration and hunting as integral to conveying the individualism that was a staple of westward expansion. In their depictions of the hunt or the catch, American artists connected a dynamic and developing nation to its past and its future. Through the examination of major works of art, *Wild Spaces, Open Seasons* brings to light an often-overlooked theme in American painting and sculpture.
