One desperate journey for the truth Returning to Willows Lake eleven years after her mother's tragic death, Sloane Baker knows she will finally get the answers she needs! She always suspected that there was something more sinister at the heart of the accident that claimed her mother's life, but a cryptic note could be the key to her past...

Fish Have No Feet Macmillan Publishers Aus.

Struggling with trauma in the years following World War I, veteran Lawrence Bartram arrives in the village of Easton Deadall and is embroiled in a dangerous case

involving a murdered woman who may be linked to the disappearance of a child years earlier.

In This House of Brede Headline Review This volume weaves together the Scottish otter stories from Maxwell's three non-fiction books, published in the 1960s, and the basis of the 1969 motion picture. While touring the Iraqi marshes, Maxwell was captivated by an otter and became a devoted advocate of and spokesman for the species. He moved to a remote house in the Scottish highlands, co-habiting there with three otters and living an idyllic and isolated life.

Glass Girl Warner Books (NY)

Blockchain is no longer just about bitcoin or cryptocurrencies in general. Instead, it can be seen as a disruptive, revolutionary technology

---

which will have major impacts on multiple aspects of our lives. The revolutionary power of such technology compares with the revolution sparked by the World Wide Web and the Internet in general. Just as the Internet is a means of sharing information, so blockchain technologies can be seen as a way to introduce the next level: sharing value. Blockchain and Web 3.0 fills the gap in our understanding of blockchain technologies by hosting a discussion of the new technologies in a variety of disciplinary settings. Indeed, this volume explains how such technologies are disruptive and comparatively examines the social, economic, technological and legal consequences of these disruptions. Such a comparative perspective has previously been underemphasized in the debate about blockchain, which has subsequently led to weaknesses in our understanding of decentralized technologies. Underlining the risks and opportunities offered by the advent of blockchain technologies and the rise of Web 3.0, this book will appeal to researchers and academics interested in fields such as sociology and social policy, cyberculture, new media and privacy and data protection. Tom's Midnight Garden MacLehose Press

Mia is always looking for signs. A sign that she should get serious with her soccer-captain boyfriend. A sign that she'll get the grades to make it into an Ivy-league school. One sign she didn't expect to look for was: "Will I survive cancer?" It's an answer her friends would never understand, prompting Mia to keep her illness a secret. The only one who knows is her lifelong best friend, Gyver, who is poised to be so much more. Mia is determined to survive, but when you have so much going your way, there is so much more to lose. From debut author Tiffany Schmidt comes a heart-wrenching and ultimately uplifting story of one girl's search for signs of life in the face of death. Alanna Black & White Publishing Ltd New York Times bestselling and award-winning author Tosca Lee shares the "passionate and riveting story of the Bible's first woman and her remarkable journey after being cast from paradise" (Publishers Weekly, starred review). Created, not born. Her name is Eve. Myth and legend shroud her in mystery. Now hear her story. She knew this earth when it was perfect—as she was perfect, a creature without flaw. Created by God in a manner like no other, Eve lived in utter peace as the world's first woman, until she made a choice, one mistake for which all of humanity would suffer. But what did it feel like to be the first person to sin and

experience exile; to see innocence crumble so vividly; and to witness a new strange, darker world emerge in its place? From paradise to exile, from immortality to the death of Adam, experience the epic dawn of mankind through the eyes and heart of Eve—the woman first known as Havah. Historical Dictionary of Italian Cinema Springer Science & Business Media A provocative imagining of the later years of the mother of Jesus finds her living a solitary existence in Ephesus years after her son's crucifixion and struggling with guilt, anger, and feelings that her son is not the son of God and that His sacrifice was not for a worthy cause. The Heart of Man Simon and Schuster Anion recognition plays a critical role in a range of biological processes, and a variety of receptors and carriers can be found throughout the natural world. Chemists working in the area of supramolecular chemistry have created a range of anion receptors, drawing inspiration from nature as well as their own inventive processes. This book traces the origins of anion recognition chemistry as a unique sub-field in supramolecular chemistry while illustrating the basic approaches currently being used to effect receptor design. The combination of biological overview and summary of current synthetic approaches provides a coverage that is both comprehensive and comprehensible. First, the authors detail the key design motifs that have been used to generate

---

synthetic receptors and which are likely to provide the basis for further developments. They also highlight briefly some of the features that are present in naturally occurring anion recognition and transport systems and summarise the applications of anion recognition chemistry. Providing as it does a detailed review for practitioners in the field and a concise introduction to the topic for newcomers, Anion Receptor Chemistry reflects the current state of the art. Fully referenced and illustrated in colour, it is a welcome addition to the literature.

Angel Star Rowman & Littlefield

Following World War II, a British widow joins a Benedictine monastery in this poignant New York Times bestseller from the author of *Black Narcissus*. For most of her adult life, Philippa Talbot has been a successful British professional. Now in her forties, the World War II – widow has made a startling decision: She 's giving up her civil service career and elite social standing to join a convent as a postulant Roman Catholic nun. In Sussex in the south of England, Philippa begins her new life inside Brede Abbey, a venerable, 130-year-old Benedictine monastery. Taking her place among a diverse group of extraordinary women, young and old, she is welcomed into the surprisingly rich and complex world of the devout, whom faith, fate, and circumstance have led there. From their personal stories, both uplifting and heartbreaking, Philippa draws great strength in the weeks,

months, and years that follow, as the confidence, conflicts, and poignant humanity of her fellow sisters serve to validate her love and sacred purpose. But a time of great upheaval in the hierarchy of the Catholic Church approaches as the winds of change blow at gale force. And for the financially troubled Brede and the acolytes within, it will take no less than a miracle to weather the storm. Author Rumer Godden spent three years living in close proximity to Stanbrook Abbey in Worcestershire communing with the Benedictine nuns in preparation for the writing of this beloved bestseller. The result is an honest and unforgettable novel of love, sacrifice, and devotion, a major literary achievement from the acclaimed author of *Black Narcissus* and *The River*. This ebook features an illustrated biography of the author including rare images from the Rumer Godden Literary Estate.

A Little Book. [On the Creation, with special reference to the Book of Revelation.]

HarperCollins UK

The ice cold fear I'd felt, not knowing if Wyatt was alive, pressed into the wall with other girls and surrounded by guys who were unspeakably brave, hit my body again in a wave. This was trauma--the gift that keeps on giving. When Meg Kavanagh finds herself in the unthinkable role of grieving sister, she discovers some harsh truths--parents aren't perfect, life's not always

sweet, and the dead don't write back. Worried she might have caused Wyatt's death, Meg folds her heart into a box. Her famous mom grieves by slowly disappearing, and her dad copes by moving them to a small town in Wyoming. What she finds in Wyoming blindsides her. His name is Henry, and he's a rancher's son who pulls Meg into his larger-than-life world and shows her that being sensitive is not an excuse to sit this one out. Meg wants to be brave like Henry because the best things in life--like falling in love and finding mercy--require uncommon courage. And Henry has a secret that changes everything. From YA author Laura Anderson Kurk comes an unconventional and bittersweet story of first love and family ties. Fans of Deb Caletti and Sara Zarr will appreciate Kurk's authentically imperfect characters and emotional storytelling.

jacket.

Eternal Starling Simon and Schuster

Keflavik: a town that has been called the darkest place in Iceland, surrounded by black lava fields, hemmed in by a sea that may not be fished. Its livelihood depends entirely on a U.S. military base, a conduit for American influences that shaped Icelandic culture and ethics from the 1950s to the dawning of the new millennium. It is to Keflavik that Ari - a writer and publisher - returns from Copenhagen at the behest of his dying father, two years after walking out on his wife and children. He is beset by memories of his youth, spent or misspent listening to Pink Floyd and the Beatles, fraternising with American servicemen - who are regarded by the locals with a mixture of admiration and contempt - and discovering girls. There is one girl in particular he could never forget - her fate has stayed with him all his life. Lost in grief and nostalgia, he is also caught up in the story of how his grandparents fell in love in Nordfjordur on the eastern coast, a fishing village a world away from modern Keflavik, at time when the old ways still held sway. Their tragic love affair unfolded against the backdrop of Iceland's harsh nature and

unforgiving elements.

Just Don't Mention It (The DIMILY Series) Yale University Press

If postmortems of the 2016 US presidential election tell us anything, it's that many voters discriminate on the basis of race, which raises an important question: in a society that outlaws racial discrimination in employment, housing, and jury selections, should voters be permitted to racially discriminate in selecting a candidate for public office? In *Whitelash*, Terry Smith argues that such racialized decision-making is unlawful and that remedies exist to deter this reactionary behavior. Using evidence of race-based voting in the 2016 presidential election, Smith deploys legal analogies to demonstrate how courts can decipher when groups of voters have been impermissibly influenced by race, and impose appropriate remedies. This groundbreaking work should be read by anyone interested in how the legal system can re-direct American democracy away from the ongoing electoral scourge that many feared 2016 portended. *The Strange Fate of Kitty Easton* Academic Press with contributions by numerous experts  
*Molecular Epidemiology* David R. Godine Publisher  
Tyler's story from the sensational DID I MENTION I LOVE YOU series. "And all that's left is me. The Tyler who doesn't know

who he really is." At seventeen, Tyler Bruce is hot - a hot mess. His girlfriend is a knockout, his reputation untouchable, parties are nothing without him. Even his car is unreal. But inside Tyler is in ruins - and he'll stop at nothing to keep that a secret. Then one summer Eden comes to stay. She's upfront, sharp and far more enticing than a stepsister should be. She also sees straight through Tyler's bad boy facade ... to the vulnerable kid within. The quiet kid who took all the punches. As Eden draws Tyler in, his defences start to crumble around him. As irresistible and dazzling as its Californian backdrop, *Just Don't Mention It* is Tyler's story - his heart-stopping tale of past hurt, finding hope and figuring out who the hell he wants to be. Praise for Estelle Maskame "Estelle Maskame is a brilliant young author who can write a beautiful love story and has so much talent at such a young age!" - Anna Todd "If you're a YA junkie, you've probably heard of the incredible Estelle Maskame. She is one of the most exciting YA authors out there and a teen mastermind." - Maximum Pop  
The Stanford Alumni Directory Cambridge University Press  
After coming through the blizzard that

---

almost cost them everything, Jens and the boy are far from home, in a fishing community at the edge of the world. Taken in by the village doctor, the boy once again has the sense of being brought back from the grave. But this is a strange place, with otherworldly inhabitants, including flame-haired Álfheiður, who makes him wonder whether it is possible to love two women at once; he had believed his heart was lost to Ragnheiður, the daughter of the wealthy merchant in the village to which he must now inexorably return. Set in the awe-inspiring wilderness of the extreme north, *The Human Heart* is a profound exploration of life, love, and desire, written with a sublime simplicity. In this conclusion to an audacious trilogy, Stefánsson brings a poet's eye and a philosopher's insight to a tale worthy of the sagasmiths of old.

Send Me a Sign Simon and Schuster

In this continuation of *Angel Star*, teenager Teagan McNeel realizes that the angel who could possibly save everyone is the one angel she fears the most.

*The Danger of Words* Birch House Press

When Tom is sent to stay at his aunt and uncle's house for the summer, he resigns himself to endless weeks of boredom. As he lies awake in his bed he hears the grandfather clock downstairs

strike . . . eleven . . . twelve . . . thirteen . . .

Thirteen! Tom races down the stairs and out the back door, into a garden everyone told him wasn't there. In this enchanted thirteenth hour, the garden comes alive - but Tom is never sure whether the children he meets there are real or ghosts . . . This entrancing and magical story is one of the best-loved children's books ever written.

*Personal Demons: Personal Demons 1* Midnight Sands Publishing

Teenager Teagan McNeel falls for a captivating man who carries the mark of an angel. Suddenly she and Garreth find themselves vulnerable to a dark angel's plan.
