### **Virgin River MIRA**

From the #1 New York Times bestselling author of the hit Virgin River series. In this hilarious contemporary romance tale from Robyn Carr, readers are swept into a conflicted bride's whirlwind journey to the most chaotic wedding event of the year. After her divorce, Charlene Dugan vowed never to get married again—a promise she has kept for twenty-five years. Until the fateful day she finds herself uttering the well-known phrase—"Let's get married!" Almost immediately, Charlene's seemingly perfect life begins unraveling at the seams. Daughter Stephanie's own relationship is about to disintegrate, and she might be just a teensy-weensy bit jealous of her mom. And Charlene seems to be spending more time with her ex-husband than with her fiancé, Dennis. What's more confusing is that Dennis doesn't seem to mind too much. In fact, he sees the wedding consultant more often than Charlene does. The wedding party is now officially out of control. They're calling for rain and the bride has cold feet. This isn't exactly what Charlene had in mind. But maybe it's not too late to finally decide on who and what she really wants. Previously published.

### **The Prophecies and Revelations of Saint Bridget (Birgitta) of Sweden MIRA**

Airpower is not widely understood. Even though it has come to play an increasingly important role in both peace and war, the basic concepts that define and govern airpower remain obscure to many people, even to professional military officers. This fact is largely due to fundamental differences of opinion as to whether or not the aircraft has altered the strategies of war or merely its tactics. If the former, then one can see airpower as a revolutionary leap along the continuum of war; but if the latter, then airpower is simply another weapon that joins the arsenal along with the rifle, machine gun, tank, submarine, and radio. This book implicitly assumes that airpower has brought about a revolution in war. It has altered virtually all aspects of war: how it is fought, by whom, against whom, and with what weapons. Flowing from those factors have been changes in training, organization, administration, command and control, and doctrine. War has been fundamentally transformed by the advent of the airplane.
