Animal Farm by George Orwell Addison Wesley

Help students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students

achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can inspire teachers' creativity as well as deepen students' literacy skills. Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they've read, and then set them down in writing.

About the Novel: Animal Farm is an allegorical satire that recalls the Russian Revolution, in which the unhappy animals of Manor Farm rise up against humanity. In Willingdon, England, Mr Jones runs the neglected Manor Farm. His animals are not happy with their living conditions. One night, old Major calls on the other animals to

overthrow the humans. He teaches them a revolutionary song called 'Beasts of England'. When he dies, conditions on the farm continue to deteriorate, to the point where the animals decide to rise up. They chase the humans off the farm and rename it Animal Farm. Two pigs, named Snowball and Napoleon take control and immediately adopt a set of seven commandments they call Animalism. The farm runs smoothly until bit by bit these commandments are broken by the pigs. Through propaganda, the pigs continue to keep control over the farm, even when the other animals start to question their actions. The story continues down a rabbit hole that inevitably shows the pigs are no different than the humans.

Holes Houghton Mifflin Harcourt "Coming Up for Air" is the seventh book by English writer George Orwell, published in June 1939 by Victor Gollancz. It was written between 1938 and 1939 while Orwell spent time recuperating from illness in French Morocco, mainly in Marrakesh. He delivered the completed manuscript to Victor Gollancz upon his return to London in March 1939. The story follows George Bowling, a 45-year old husband, father, and insurance salesman, who foresees World War II and attempts to recapture

idyllic childhood innocence and escape his dreary life by returning to Lower Binfield, his birthplace. The novel is comical and pessimistic, with its view that speculative builders, commercialism, and capitalism are killing the best of rural England and the existence of new, external threats.

Animal Farm by George Orwell

About the book : *Animal Farm* is a satirical allegorical novella by George Orwell, first published in England on 17 August 1945. The book tells the story of a group of farm animals who rebel against their human farmer, hoping to create a society where the animals can be equal, free, and happy. Ultimately, the rebellion is betrayed, and the farm ends up in a state as bad as it was before, under the dictatorship of a pig named Napoleon.

Animal Farm by George Orwell

According to Orwell, the fable reflects events leading up to the Russian Revolution of 1917 and then on into the Stalinist era of the Soviet Union. Orwell, a democratic

socialist, was a critic of Joseph Stalin and hostile to Moscow-directed Stalinism, an attitude that was critically shaped by his experiences during the May Days conflicts between the POUM and Stalinist forces during the Spanish Civil War. The Soviet Union had become a totalitarian autocracy built upon a cult of personality while engaging in the practice of mass incarcerations and secret summary trials and executions. In a letter to Yvonne Davet, Orwell described *Animal Farm* as a satirical tale against Stalin ("un conte satirique contre Staline"), and in his essay "Why I Write" (1946), wrote that

Animal Farm was the first book in which he tried, with full consciousness of what he was doing, "to fuse political purpose and artistic purpose into one whole". *Animal Farm* by George Orwell The original title was *Animal Farm: A Fairy Story*, but U.S. publishers dropped the subtitle when it was published in 1946, and only one of the translations during Orwell's lifetime kept it. Other titular variations include subtitles like "A Satire" and "A Contemporary Satire". Orwell suggested the title *Union des r é publiques socialistes animales* for the French translation, which abbreviates to URSA, the

Latin word for "bear", a symbol of Russia. It also played on the French name of the Soviet Union, Union des républiques socialistes soviétiques.
