Set in the days of the Empire, with the British ruling in Burma, *Burmese Days* describes both indigenous corruption and Imperial bigotry, when 'after all, natives were natives - interesting, no doubt, but finally only a "subject" people, an inferior people with black faces'. Against the prevailing orthodoxy, Flory, a white timber merchant, befriends Dr Veraswami, a black enthusiast for Empire. The doctor needs help. U Po Kyin, Sub-divisional Magistrate of Kyauktada, is plotting his downfall. The only thing that can save him is European patronage: membership of the hitherto all-white Club. While Flory prevaricates, beautiful Elizabeth Lackersteen arrives in Upper Burma from Paris. At last, after years of 'solitary hell', romance and marriage appear to offer Flory an escape from the 'lie' of the 'pukka sahib pose'.

Animal Farm AQA English Literature Lorenz Educational Press

Set at the beginning of the Second World War, *Coming Up for Air* describes suburban insurance agent George Bowling's return to his birthplace, a sedate Oxfordshire village. This new edition of one of George Orwell's early pre-war works explores the historical and political context of the novel.

"An exhilarating romp through Orwell's life and times and also through the life and times of roses." —Margaret Atwood "A captivating account of Orwell as gardener, lover, parent, and endlessly curious thinker." —Claire Messud, Harper's "Nobody who reads it will ever think of Nineteen Eighty-Four in quite the same way." —Vogue A lush exploration of roses, pleasure, and politics, and a fresh take on George Orwell as an avid gardener whose political writing was grounded in his passion for the natural world "In the year 1936 a writer planted roses." So begins Rebecca Solnit's new book, a reflection on George Orwell's passionate gardening and the way that his involvement with plants, particularly flowers, and the natural world illuminates his other commitments as a writer and antifascist, and the intertwined politics of nature and power. Sparked by her unexpected encounter with the surviving roses he planted in 1936, Solnit's account of this understudied aspect of Orwell's life explores his writing and his actions—from going deep into the coal mines of England, fighting in the Spanish Civil War, critiquing Stalin when much of the international left still supported him (and then critiquing that left), to his analysis of the relationship between lies and authoritarianism. Through Solnit's celebrated ability to draw unexpected connections, readers encounter the photographer Tina Modotti's roses and her Stalinism, Stalin's obsession with forcing lemons to grow in impossibly cold conditions, Orwell's slave-owning ancestors in Jamaica, Jamaica Kincaid's critique of colonialism and imperialism in the flower garden, and the brutal rose industry in Colombia that supplies the American market. The book draws to a close with a rereading of *Nineteen Eighty-Four* that completes her portrait of a more hopeful Orwell, as well as a reflection on pleasure, beauty, and joy as acts of resistance.

***The CIA and the World of Arts and Letters* Vintage**

Appearing for the first time in one volume, these trenchant letters tell the eloquent narrative of Orwell's life in his own words. From his school days to his tragic early death, George Orwell, who never wrote an autobiography, chronicled the dramatic events of his turbulent life in a profusion of powerful letters. Indeed, one of the twentieth century's most revered icons was a lively, prolific correspondent who developed in rich, nuanced dispatches the ideas that would influence generations of writers and intellectuals. This historic work—never before published in America and featuring many previously unseen letters—presents an account of Orwell's interior life as personal and absorbing as readers may ever see. Over the course of a lifetime, Orwell corresponded with hundreds of people, including many distinguished political and artistic figures. Witty, personal, and profound, the letters tell the story of Orwell's passionate first love that ended in devastation and explains how young Eric Arthur Blair chose the pseudonym "George Orwell." In missives to luminaries such as T. S. Eliot, Stephen Spender, Arthur Koestler, Cyril Connolly, and Henry Miller, he spells out his literary and philosophical beliefs. Readers will encounter Orwell's thoughts on matters both quotidian (poltergeists and the art of playing croquet) and historical—including his illuminating descriptions of war-shattered Barcelona and pronouncements on bayonets and the immanent cruelty of chaining German prisoners. The letters also reveal the origins of his famous novels. To a fan he wrote, "I think, and have thought ever since the war began...that our cause is the better, but we have to keep on making it the better, which involves constant criticism." A paragraph before, he explained that the British intelligentsia in 1944 were "perfectly ready for dictatorial methods, secret police, systematic falsification of history," prefiguring the themes of 1984. Entrusting the manuscript of *Animal Farm* to Leonard Moore, his literary agent, Orwell describes it as "a sort of fairy story, really a fable with political meaning...This book is murder from the Communist point of view." Hardly known outside a small circle of Orwell scholars, these rare letters include Orwell's message to Dwight Macdonald of 5 December 1946 explaining *Animal Farm*; his correspondence with his first translator, R. N. Raimbault (with English translations of the French originals); and the moving encomium written about Orwell by his BBC head of department after his service there. The volume concludes with a fearless account of the painful illness that took Orwell's life at age forty-seven. His last letter concerns his son and his estate and closes

with the words, "Beyond that I can't make plans at present." Meticulously edited and fully annotated by Peter Davison, the world's preeminent Orwell scholar, the volume presents Orwell "in all his varieties" and his relationships with those most close to him, especially his first wife, Eileen. Combined with rare photographs and hand-drawn illustrations, *George Orwell: A Life in Letters* offers "everything a reader new to Orwell needs to know...and a great deal that diehard fans will be enchanted to have" (*New Statesmen*).

Pediatric Board Study Guide Simon and Schuster

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

Utopia Penguin UK

"A can't-put-it-down modern Western." —Kirk Siegler, NPR Longlisted for the PEN/ESPN Award for Literary Sports Writing
The Last Cowboys is Pulitzer Prize-winning reporter John Branch's epic tale of one American family struggling to hold on to the fading vestiges of the Old West. For generations, the Wrights of southern Utah have raised cattle and world-champion saddle-bronc riders—many call them the most successful rodeo family in history. Now they find themselves fighting to save their land and livelihood as the West is transformed by urbanization, battered by drought, and rearranged by public-land disputes. Could rodeo, of all things, be the answer? Written with great lyricism and filled with vivid scenes of heartache and broken bones, *The Last Cowboys* is a powerful testament to the grit and integrity that fuel the American Dream.

Animal Farm Diamond Pocket Books Pvt Ltd

Animal Farm New Press, The

George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, fiction. Orwell's work is known for its simplicity and wit. He wrote with smartness on subjects such as anti-fascism, democratic socialism etc. His best works include "ANIMAL FARM". It's an allegorical novella. It got published in August 1945. The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on "the nature of life on this earth" and "How any animal is now living". The author has nicely elaborated through these Characters about the animals' misery and slavery. Animals complain that despite their hard labour, why then do they continue in the miserable condition? They also complain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. So, remove Man from the scene and the root cause of hunger and overwork will be abolished for ever. The book narrates about the agony of ill-treated farm animals. Then what decision they take and how this Animal Farm born, everything has become very interesting. The ultimate satire on fascism. A must-read book. 'A Wise, Compassionate, and Illuminating Fable for our Times' THE NEW YORK TIMES 'Orwell's Satire is Amply Broad, Cleverly Conceived, and Delightfully Written' SAN FRANCISCO CHRONICLE 'Absolutely First-Rate... Comparable to Voltaire and Swift' THE NEW YORKER

This Is Modern Art Gale, Cengage Learning

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Puritan Girl, Mohawk Girl Renard Press Ltd

Graffiti crews are willing to risk anything for their art. Called vandals, criminals, even creative terrorists, graffiti artists set out to make their voices heard and alter the way people view the world. But when one crew finishes the biggest graffiti bomb of their careers, the consequences get serious and spark a public debate asking, "Where does art belong?"
