Detection and Control Components -
ABsupply.net
AUTOPULSE detection, control and fire suppression system release panels provide automatic 24/7 fire protection. Detection options include smoke, heat, and flame detection. The control panels process detection signals from protected areas

and immediately perform key operations including sounding alarms, shutting down equipment and releasing the fire suppression system.

Ansul Autopulse 2000 Manual *Ansul Autopulse 2000 Manual*

I got an AutoPulse 2000 today, brand new with all the documentation.

However, it seems that it was used as a prop. The board that connects the LEDs to the ribbon cables is missing and all the LEDs

have been connected to a set of batteries, however everything else with the panel is fine.
