Civil Rights in the USA, 1863-1980 Carson-Dellosa Publishing

The topic of human rights is fast becoming a core subject on many LLB courses and is an essential field of study for all intending lawyers. The Human Rights Act 1998 has now been fully in force for several years and has an extremely significant effect on this subject. As such, this new edition has been thoroughly rewritten and updated to take account of the consequences of the Act, as well as incorporating many new cases and statutes that have arisen since the publication of the last edition. The topics chosen reflect those generally found on human rights and civil liberties courses. Human rights, perhaps more than any other subject, is rapidly developing and this book concentrates on those areas which are of particular interest at the present time, whilst alerting the student to potential and likely future developments and areas of challenge. Notes in the answers allow the student to develop certain lines of argument further, in line with particular interests or studies. Although primarily aimed at undergraduate students, postgraduate students will also find it of value.

Why We Can't Wait Carson-Dellosa Publishing

This anthology of drama, essays, fiction, and poetry presents a thoughtful, classroom-tested selection of the best literature for learning about the long civil rights movement. Unique in its focus on creative writing, the volume also ranges beyond a familiar 1954-68 chronology to include works from the 1890s to the present. The civil rights movement was a complex, ongoing process of defining national values such as freedom, justice, and equality. In ways that historical documents cannot, these collected writings show how Americans negotiated this process--politically, philosophically, emotionally, spiritually, and creatively. Gathered here are works by some of the most influential writers to engage issues of race and social justice in America, including James Baldwin, Flannery O'Connor, Amiri Baraka, and Nikki Giovanni. The volume begins with works from the post-Reconstruction period when racial segregation became legally sanctioned and institutionalized. This section, titled "The Rise of Jim Crow," spans the period from Frances E. W. Harper's *Iola Leroy* to Ralph Ellison's *Invisible Man*. In the second section, "The Fall of Jim Crow," Martin Luther King Jr.'s "Letter from Birmingham Jail" and a chapter from *The Autobiography of Malcolm X* appear alongside poems by Robert Hayden, June Jordan, and others who responded to these key figures and to the events of the time. "Reflections and Continuing Struggles," the last section, includes works by such current authors as Rita Dove, Anthony Grooms, and Patricia J. Williams. These diverse perspectives on the struggle for civil rights can promote the kinds of conversations that we, as a nation, still need to initiate.

At school, Kenny experiences bullying from his classmates, only saved by his brother—the biggest bully of all—who picks on Kenny at home. As Kenny’s brother’s behavior starts to get out-of-control, their mom and dad decide to send him down to Birmingham, Alabama to live with his grandmother over the summer. Hoping she’ll straighten him out, the family sets off in their “Brown Bomber” on the long drive down south. When they

arrive, they experience fear, violence and racism that culminates in a tragedy that shakes them to their core. From this experience, Kenny must overcome his insecurities and deal with real world issues at a very young age.

Yet for many years, these words did not apply to "all men" or all women. Many Americans were not treated with the same civil rights as others. The Civil Rights movement had roots with the abolitionists who worked to end slavery and the "Conductors" of the Underground Railroad. But many were working for civil rights even before the Emancipation Proclamation and the Thirteenth Amendment. The Civil Rights Movement changed America during the twentieth century. It brought an end to segregation, unfair voting practices, and other unfair treatments of minorities in the United States. Rosa Parks and Martin Luther King, Jr. led many Americans to realize that the country needed a Civil Rights Movement so that all men and women could really be equal!
