English File 2 Harvest House Publishers

Christians sometimes come across objections about the Bible they don't know how to answer, and they don't know where to look or whom they should ask. Believers can also get confused about doctrine, not having the knowledge or background to recognize unbiblical teaching. Bible scholar Ron Rhodes addresses many questions surrounding Christianity on topics such as... atheistic objections to Christianity evolution vs. creationism alleged contradictions or general accusations concerning the Bible answering the claims of cults about biblical doctrine relativism vs. absolute truth ethical issues such as abortion and divorce This book of short, one-page answers on 365 of the

most frequently asked questions can greatly increase readers' level of discernment in critical areas in just minutes a day. Busy people can boost their understanding of the Bible at their own pace by browsing topics of interest or by reading a topic a day.

American English File Heinle & Heinle Pub

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of

psychometrics, in particular the models collectively known as Rasch measurement.

“ This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results.

A real strength of the book is that it guides readers through analytical techniques in an accessible way. ” Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

English is used in diplomatic contexts worldwide, including in situations where none of the interlocutors are native-speakers. This groundbreaking volume brings together the perspectives of researchers and practitioners to discuss the needs of those using and learning English for Diplomatic Purposes. Chapter authors use concepts from sociolinguistics, World Englishes, Peace Linguistics and English as a Lingua Franca. Combined with this theoretical background is a pragmatic understanding of the work of diplomacy and the realities of communication, as well as exercises designed to help students, teachers and practicing diplomats reflect on, and develop, their language use. This book represents an important first step in the opening-up of English

for Diplomatic Purposes as a distinct field of study and learning, and as such will be required reading for those working and studying in this area.
