### *Wheelock's Latin* INSTAP

This new edition of Carl Ruck's text keeps its experimental approach and felicitous style, while including substantial changes that make the material easier to teach and learn. The book has been consolidated into a more concise and direct format so that the material can be covered in less time, and the somewhat intimidating aural-oral emphasis that characterized the first edition has been reduced. These improvements, together with the accessibility inherent in the structural approach to grammar, make Ancient Greek: A New Approach useful not only as an innovative text in the classroom but for general self-

instruction as well.

*Greek Key Words* Hackett Publishing

Greek grammar with exercises, readings. Revised and expanded. Based on the esteemed text by Wilding, this is a grammar based text with readings and numerous exercises. Answer key. For first year students of Classical Greek.

### Study Guide for D'Aulaires' Book of Greek Myths - Answer Key

Edinburgh University Press

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin

---

literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary material. It explains English grammar points and provides drills especially for today's students. It offers sections on Latin metrics, includes numerous unaltered examples of ancient Latin prose and poetry, incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work, offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

accompany Introduction to Latin with answers to all exercises, plus translations of selected readings. (Answers to all numbered exercises, exercises in English translation, practice sentences, dictionary practice / form identification, word derivations, word building, etc.) Note that translations can have more than one correct answer.

Key to Hillard and Botting's Elementary Greek exercises Hackett Publishing

C.A.E. Luschnig's An Introduction to Ancient Greek: A Literary Approach prepares students to read Greek in less than a year by presenting basic traditional grammar without frills and by introducing real Greek written by ancient Greeks, from the first day of study. The second edition retains all the features of the first but is more streamlined, easier on the eyes, more gender-inclusive, and altogether more 21st century. It is supported by a Web site for teachers and learners at <http://worldwidegreek.com/>.

All editions include character and place indexing.

KE-RA-ME-JA Univ of California Press  
Learn Classical Greek with ease! "Greek Key Words" is a learning aid benefiting from computer analysis of the surviving corpus of classical Greek literature, comprising over 1,500,000 words. It consists of a list of the most common two thousand words in ancient Greek, with their meanings in English, arranged in decreasing order of frequency. The list is divided into a hundred units of twenty key

words each, from which many more words can be derived, making this an easy way to learn classical Greek. These two thousand key words account for 85% of all word occurrences in Greek. "Greek Key Words" is the most efficient and logical way to acquire the basic vocabulary of ancient Greek. Most grammars and readers introduce words almost at random, so that a student can never be sure of mastering commonly-occurring words within a reasonable period. A frequency list such as Greek Key Words can create confidence and a sense of security in vocabulary building and, by dividing the list into manageable units, mastery can be achieved without undue strain. "Greek Key Words" is also weighted towards the authors who appear most often in examinations as set texts or as the basis for unseen translation. It is therefore of the maximum possible practical benefit for those working towards public examinations. Learn ancient Greek with confidence. Dr Jerry Toner has made sure that both adult beginners and schoolchildren alike will be introduced to all the most

---

frequently-occurring words in classical Greek within their first year or two of study. English and Greek indexes allow the reader to trace each word in the lists and indicates by its position the relative frequency of that word. He is also the author of *Latin Key Words* (ISBN 978-0906672693).

Hey, Andrew! Teach Me Some Greek! - Level 7  
Answers Only Key Focus Publishing/R. Pullins  
Company

Study Guide for D'Aulaires' Book of Greek Myths - Complete Edition Hackett Publishing

Introduction to Latin, Second Edition is an introductory Latin textbook designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build “instinctive skills” that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week Innovative exercises that go beyond the usual

translation practice, engaging students with the mechanisms of the language and developing “more instinctive” skills Succinct grammatical explanations that don’t overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the

---

end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level of Latin Revised selection of readings for more appropriate level of difficulty

Introduction to Greek Hardpress Publishing  
How did the Greek view of Persia and Persians change so radically in the archaic and classical Greek sources that they turned from noble warriors into peacock-loving cross-dressers with murderous mothers? This book looks at the development of a range of responses to the Achaemenids and their Empire. Through a study of ancient texts and material evidence from the archaic and classical periods, Janett

---

Morgan investigates the historical, political and social factors that inspired and manipulated different identities for Persia and the Persians within Greece.
