Abnormal Psychology Student Workbook Walter de Gruyter GmbH & Co KG

Towards the end of the nineteenth century, Germany's bourgeois elites became enthralled by the civilization of Renaissance Italy. As their own country entered a phase of critical socioeconomic changes, German historians and writers reinvented the Italian Renaissance as the onset of a heroic modernity: a glorious dawn that ushered in an age of secular individualism, imbued with ruthless vitality and a neo-pagan zest for beauty. The Italian Renaissance in the German Historical Imagination is the first comprehensive account of the debates that shaped the German idea of the Renaissance in the seven decades following Jacob Burckhardt's seminal study of 1860. Based on a wealth of archival material and enhanced by more than one hundred illustrations, it provides a new perspective on the historical thought of Imperial and Weimar Germany, and the formation of a concept that is still with us today.

Rodopi

This pioneering study approaches the new printed-book industry in Renaissance Italy from the perspective of its publishers and booksellers, analyzing their responses to the challenges of production and their creative approaches to the distribution and sale of their merchandise.

The Italian Renaissance in the German Historical Imagination, 1860 – 1930 Houghton Mifflin Harcourt

In a straightforward manner, Semenza identifies the obstacles along the path of the academic career and offers tangible advice. Fully revised and updated, this edition's new material on advising, electronic publishing, and the post-financial crisis humanities job market will help students negotiate the changing landscape of academia.

LATINITATIS RATIONES Cambridge University Press Sansovino successively dismantled and reconstituted the categories of art-making. Hardly capable of sustaining a program of reform, the experimental art of this period was succeeded by a new era of cultural codification in the second half of the sixteenth century. --

The History of Art: A Global View: Prehistory to 1500 Prentice Hall Direct

This volume assembles 50 contributions presented at the XVII International Colloquium on Latin Linguistics. They embrace essential topics of Latin linguistics with different theoretical and methodological approaches: phonetics, syntax, etymology and semantics, pragmatics and textual analysis. It is a useful resource for the study of comparative and general linguistics, not only for linguists but also for scholars of classical philology.

World Studies: Eastern Hemisphere University of Chicago Press Spanning an age that witnessed great achievements in the arts and sciences, this definitive overview of the Italian Renaissance will both captivate ordinary readers and challenge specialists. J. H. Plumb's

impressive and provocative narrative is accompanied by contributions from leading historians, including Morris Bishop, Jacob Bronowski, Maria Bellonci, and many more, who have further illuminated the lives of some of the era's most unforgettable personalities, from Petrarch to Pope Pius II, Michelangelo to Isabella d'Este, Machiavelli to Leonardo. A highly readable and engaging volume, The Italian Renaissance is a perfect introduction to the movement that shaped the Western world.

World History, the Human Experience Simon and Schuster

In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors, extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative and comprehensive, The Broadview Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. For the third edition of this volume a considerable number of changes have been made. Newly prepared, for example, is a substantial selection from Baldassare Castiglione's The Courtier, presented in Thomas Hoby's influential early modern English translation. Thomas Kyd's The Spanish Tragedy is another major addition. Also new to the anthology are excerpts from Thomas Dekker's plague pamphlets. We have considerably expanded our representation of Elizabeth I's writings and speeches, as well as providing several more cantos from Edmund Spenser's Faerie Queene and adding selections from Sir Philip Sidney's Arcadia. We have broadened our coverage, too, to include substantial selections of Irish, Gaelic Scottish, and Welsh literature. (Perhaps most

notable of the numerous authors in this section are two extraordinary Welsh poets, Dafydd ap Gwilym and Gwerful Mechain.) Mary Sidney Herbert's writings now appear in the bound book instead of on the companion website. Margaret Cavendish, previously included in volume 3 of the full anthology, will now also be included in this volume; we have added a number of her poems, with an emphasis on those with scientific themes. The edition features two new Contexts sections: a sampling of "Tudor and Stuart Humor," and a section on "Levellers, Diggers, Ranters, and Covenanters." New materials on emblem books and on manuscript culture have also been added to the "Culture: A Portfolio" contexts section. There are many additions the website component as well—including Thomas Deloney's Jack of Newbury also published as a stand-alone BABL edition). We are also expanding our online selection of transatlantic material, with the inclusion of writings by John Smith, William Bradford, and Anne Bradstreet.

The Protestant Reformation Broadview Press

Tells the story of John Harrison, an eighteenth-century inventor of watches and clocks, who spent forty years working on a time-machine which could be used to accurately determine longitude at sea.

RENAISSANCE Twelve

Francesco Petrarch (1304-1374), creator of the sonnet form, remained for more than three hundred years the most influential poet in Europe, his works more widely read than even those of Dante. This collection contains English language versions of his poems from across six centuries, in a wide variety of translations and reinterpretations. Spanning the Trionfi series and the Canzoniere - Petrarch's impassioned sonnet-sequence concerning his beloved Laura - it also includes great English poems influenced by Petrarch. From Chaucer's early adaptation of a Petrarchan sonnet in Troilus and Criseyde to the sixteenth century translations by the Earl of Surrey, Byron's mocking consideration of the Canzoniere in Don Juan and Ezra Pound's parody Silet, all provide a unique insight into the significance of the founder of the European lyric tradition.

The Book of the Courtier Prentice Hall

Eliezer Segal offers an overview of the Protestant Reformation, which took place in Europe during the 16th century. Segal highlights the social and political factors, the central beliefs of Protestantism, and the Roman Catholic Counter-Reformation.

Martin Luther's 95 Theses Springer

A riveting account of the Saint Bartholomew's Day Massacre, its origins, and its aftermath, this volume by Barbara B. Diefendorf introduces students to the most notorious episode in France's sixteenth century civil and religious wars and an event of lasting historical importance. The murder of thousands of French Protestants by Catholics in August 1572 influenced not only the subsequent course of France's civil wars and state building, but also patterns of international alliance and long-standing cultural values across Europe. The book begins with an introduction that explores the political and religious context for the massacre and traces the course of the massacre and its aftermath. The featured documents offer a rich array of sources on the conflict — including royal edicts, popular songs, polemics,

eyewitness accounts, memoirs, paintings, and engravings — to enable students to explore the massacre, the nature of church-state relations, the moral responsibility of secular and religious authorities, and the origins and consequences of religious persecution and intolerance in this period. Useful pedagogic aids include headnotes and gloss notes to the documents, a list of major figures, a chronology of key events, questions for consideration, a selected bibliography, and an index.

The Praise of Folly Xist Publishing

Second edition of a highly readable synthesis of the major determining features of the Renaissance.

The Civilisation of the Period of the Renaissance in Italy Walter de Gruyter GmbH & Co KG

The classic political satire about an imaginary ideal world by one of the Renaissance's most fascinating figures. Named after a word that translates literally to "nowhere," Utopia is an island dreamed up by Thomas More, a devout Catholic, English statesman, and Renaissance humanist who would be canonized as a saint centuries after he was executed for choosing God over king. More's novel introduces us to Utopia's society and its customs. It is a place of no private property and no lawyers; of six-hour workdays and simple ways; and, intriguingly, of a combination of values that blend the traditional with the highly controversial, from euthanasia to married priests to slavery. Remarkably thought-provoking, it is a novel that asks us to question what makes a perfect world—and whether such a thing is even possible.

Utopia Houghton Mifflin Harcourt

Did the Florentine philosopher Marsilio Ficino (1433-99) influence the art of his time? This book starts with an exploration of Ficino's views on the imagination and discusses whether, how and why these ideas may have been received in Italian Renaissance works of art.
