Meteorology Unit Test Study Guide
Please read and answer the following questions. You may use your lab notebooks, notes, quizzes, or textbooks to help you. This will be the only paper you need to study for your unit test. 1.

Meteorology is the study of Earth's weather. 2. A meteorologist is a person who studies the Earth's weather. 3.

Chapter 12 Meteorology Study Guide For Content Mastery ...

It is the change in humidity or temperature of an air mass as it moves away from its source region.

Humidity: An air mass becomes more humid if it moves over an ocean, and drier if it moves over land.

Temperature: An air mass becomes warmer if it moves towards the equator, and colder if it moves

towards the poles.
