Quadratic Functions through Angry Birds [8th grade]" (2015). Understanding by Design: Complete Collection ... they find domain and range of data and graph parabola. Students answer follow up questions about meaning of parts of ... **Angry birds "the parabolic edition" by Nicole Reynolds on ...**

Do you have an answer key to version 1 of the Angry Birds Parabolic Edition?

"The Parabolic Edition"

Do not have them make catapults for the Angry Birds Parabola Project. This will take entirely too much time on things unrelated to the standards you are supposed to be teaching. If this is the version of the project you want to do then partner with a shop class

or art class where creating the catapult will meet a standard for that teacher.

Angry Birds Coordinate Worksheets - Lesson Worksheets

Since we don't have computers for the students to use, I then plotted every group's regression equation on Geometer Sketch Pad on my computer, so we could look at the various paths they took. The decision was that the bird does hit the pig - then I revealed the answer on the power point.

Answer To Angry Birds Parabolic

Question 749246: Have a project with Angry Birds where you have to find the equation of a parabola for the bird's flight path in various situations. I have to pick a point at the origin and a pint on the x axis for the pig to be placed and find the flight path

(equation).

Angry Bird Parabolas: graphing quadratic equations ...

We have just spent a week working with quadratics in MPM2D and today I had students create their own angry birds level. The only real requirement was for them to create at least two flight paths and model them with quadratic equations. I was hoping to see how they relate the equation to the graph. This worked out better than expected.
