Music Theory Essentials offers an antidote to music theory textbooks that are overly long and dense. Focusing on the essentials, this text provides a clear-cut guide to the key concepts of music theory. Beginning with no assumptions about music theory knowledge, the book covers the core elements of music fundamentals, diatonic and chromatic harmony, post-tonal theory, and popular music in a single concise volume. Emphasizing critical thinking skills, this book guides students through conceptualizing musical concepts and mastering analytic techniques. Each chapter concludes with a selection of applications designed to enhance engagement: Exercises allow students to apply and practice the skills and techniques addressed in the chapter. Brain Teasers challenge students to expand their musical understanding by thinking outside the box. Exploring Music offers strategies for students to apply learned concepts to the music they are currently learning or listening to. Thinking Critically encourages students to think more deeply about music by solving problems and identifying and challenging assumptions. A companion website provides answers to book exercises, additional downloadable exercises, and audio examples. Straightforward and streamlined, Music Theory Essentials is a truly concise yet comprehensive introduction to music theory that is accessible to students of all backgrounds.

From one of America's top meditation teachers and mindfulness experts comes a revolutionarily simple approach to everyday practice—especially if you don't think you have the time or the

patience. Imagine you're sitting on a cushion with your legs crossed, ready to tap into unlimited joy. There's just one problem: You can't get comfortable (let alone still), and your head is full of way too many thoughts. The problem is not with meditation, or you, though—the issue may be with your approach. When properly understood and practiced, meditation should feel easy, calming, and comfortable. In Bliss More, maverick instructor Light Watkins provides the tools for making it E.A.S.Y. (Embrace, Accept, Surrender, Yield), dispels the biggest myths and misunderstandings, and shares real-world tips and straight talk for hacking into this ancient practice. The result: a happier and healthier you, inside and out. Watkins also shares candid testimonials from people whose lives have been enriched through his method, and extensive resources for transforming a daily chore into an enjoyable activity. Even the biggest skeptic will look forward to sitting for meditation every day. Whether you're a novice or experienced practitioner, Bliss More will shed light on the path to a clearer mind, better sleep, and more bliss in everyday life. Praise for Bliss More “With Light Watkins as your guide, you will unlock the secrets to establishing a regular and powerfully healthy daily practice.”—Deepak Chopra, M.D. “Bliss More is one of the best meditation books I've ever come across for getting you started. Light Watkins has the gift of being able to demystify meditation in a way that will make you want to meditate, even if you feel your mind is too busy.”—Frank Lipman, M.D., author of 10 Reasons You Feel Old and Get Fat “If you're ready to start a solid meditation practice, look no further.”—Rosario Dawson, actress “Light takes the world's most powerful practice and turns it into something you can't wait to do, something you're actually excited about.”—Pam Grout, author of E-Squared and Thank & Grow Rich “Bliss More is a treasure trove of powerful, practical, and priceless techniques to finally master your meditation practice.”—Davidji, meditation teacher and author of Sacred Powers

Music Theory Essentials John Wiley & Sons

It starts with the unthinkable--the most horrific act of violence ever committed on American soil. Only one man can stop them. Hostile Intent Code named Devlin, he exists in the blackest shadows of the United States government--operating off the grid as the NSA's top agent. He's their most lethal weapon. . .and their most secret. But someone is trying to draw him out into the open by putting America's citizens in the crosshairs--and they will continue the slaughter until they get what they want. All Enemies Foreign And Domestic The NSA's most lethal weapon is back. Code-named Devlin, he operates in the darkest recesses of the US government. When international cyber-terrorists allow a deadly and cunning band of radical insurgents to breach the highest levels of national security, Devlin must take down an enemy bent on destroying America--an enemy more violent and ruthless than the world has ever known. "You'll love Walsh's books!" —Rush Limbaugh Countdown To Armageddon It begins in California with a

devastating biological attack—a horrific display of homegrown terror unseen on U.S. soil—just weeks before the presidential election. For the White House, it is a political nightmare, as it threatens to plunge the country into panic and economic chaos. But for the NSA's undercover agent Devlin, it is the ultimate warning. Devlin knows who's behind the mayhem. He knows who controls the media. And he knows that, unless he can stop it, the End of Days begins. . . on Election Day.
