Business I've recruited hundreds of distributors and become a top money-earner in my company using voicemail as my primary recruiting tool. I use one-minute voicemail messages to get leads. And I use 5-minute voicemail messages ("sizzle calls") to recruit them. In fact, I've signed up more than a few distributors using ONLY a 5-minute sizzle call. Now, it's your turn. This book shows you everything you need to know to use voicemail messages to build a successful network marketing business. You'll learn how to create a simple "lead capture" voicemail message, and how to use it to get all the leads you want. And you get SCRIPTS you can use as models for your scripts, including actual scripts I use in my business. YOU'LL LEARN How to write scripts that get prospects to say, "I'm interested-tell me more" How long to make your messages-what's too long? What's too short? Where to get a

FREE voicemail account for your messages-the service I use and recommend The easiest, "low tech" way to record your messages How to PROMOTE your lead capture message-what I do and recommend (with more scripts) Tracking your numbers-what's a "good" response and how to make it better How to use sizzle calls to quickly find interested prospects-the EXACT method I use How to create scripts for recruiting doctors, lawyers, business owners, and other professionals How to get your first message set up in ONE HOUR or Less! Voicemail messages are the ultimate lead capture and recruiting tool. They're easy to set up, easy to use, and they work like crazy. If you want to recruit more, and recruit faster, you should be using voicemail messages to build your business. This book shows you how. The book is divided into five parts: Part 1: Lead Capture Messages: Sample scripts and step-by-step instructions for creating your own messages. Simply put, this book shows you everything you need to know to create and use recorded messages to get more leads, recruit more distributors, and build your network marketing business. -- David M. Ward is an attorney and business owner. He is the author of *Recruit and Grow Rich*, *Recruiting Up*, and other best-selling books on network marketing.

How to Start a Home-Based Children's Birthday Party Business Simon and Schuster Jordan collects various answering machine messages people leave on their phones. She claims that answering machine messages fulfill one of Bascom's folkloric functions -- education -- by intentionally or unintentionally teaching us something about the person who owns the phone. Jordan especially focuses on the prevalence of strange machine messages left by young children and college freshman. She believes that message machines are subversive insofar as they allow a person to say things that they could not say in other social situations. Jordan proposes that answering machines fulfill the folkloric element of social control by allowing the message creator to create a phone persona that reflects the way that person would like to be known.

NEW YORK TIMES BESTSELLER • "Driving, wild and hilarious" (The Washington Post), here is the incredible "memoir" of the legendary actor, gambler, raconteur, and Saturday Night Live veteran. When Norm Macdonald, one of the greatest stand-up comics of all time, was approached to write a celebrity memoir, he flatly refused, calling the genre "one step below instruction manuals." Norm then promptly took a two-year hiatus from stand-up comedy to live on a farm in northern Canada. When he emerged he had under his arm a manuscript, a genre-smashing book about comedy, tragedy, love, loss, war, and redemption. When asked if this was the celebrity memoir, Norm replied, "Call it anything you damn like."
