A multilingual, transnational literary tradition, Jewish American writing has long explored questions of personal identity and national boundaries. These questions can engage students in literature, writing, or religion; at Jewish, Christian, or secular schools; and in or outside the United States. This volume takes an expansive view of Jewish American literature, beginning with writing from the earliest colonies in the

Americas and continuing to contemporary Soviet-born authors in the United States, including works that engage deeply with religious concepts and others that embrace assimilation. It invites readers to rethink the nature of American multiculturalism, suggests pairings of Jewish American texts with other ethnic American literatures, and examines the workings of whiteness and privilege. Contributors offer varied perspectives on classic texts such as Yekl, Bread Givers, and "Goodbye, Columbus," along with approaches to interdisciplinary topics including humor, graphic novels, and musical theater. The volume concludes with an extensive resources section.

### *A study guide for American Literature to 1900* John Wiley & Sons

This set treats the whole of American literature, from the European discovery of America to the present, with entries in alphabetical order. Each of the 350 substantive essays is a major interpretive contribution. Well-known critics and scholars provide clear and vividly written essays that reflect the latest scholarship on a given

topic, as well as original thinking on the part of the critic. The Encyclopedia is available in print and as an e-reference text from Oxford's Digital Reference Shelf. At the core of the encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. The most prominent figures (such as Whitman, Melville, Faulkner, Frost, Morrison, and so forth) are treated at considerable length (10,000 words) by top-flight critics. Less well known figures are discussed in essays ranging from 2,000 to 5,000 words. Each essay examines the life of the author in the context of his or her times, looking in detail at key works and describing the arc of the writer's career. These essays include an assessment of the writer's current reputation with bibliography of major works by the writer as well as a list of major critical and biographical works about the writer under discussion. A second key element of the project is the critical assessments of major American masterworks, such as Moby-Dick, Song of Myself, Walden, The Great Gatsby, The Waste Land, Their Eyes Were Watching God, Death of a Salesman, or Beloved. Each of these essays offers a close reading of the given work, placing that work in its historical context and offering a range of possibilities with regard to critical approach. These fifty essays (ranging from 2,000 to 5,000 words) are simply and clearly enough written that an intelligent high school student should easily understand them, but sophisticated enough that a college student or general reader in a public library will find the essays both informative and stimulating. The final major element of this encyclopedia consists of fifty-odd essays on literary movements, periods, or themes, pulling together a broad range of information and making interesting connections. These essays treat many of the same authors already discussed, but in a different context; they also gather into the fold authors who do not have an entire essay on their work (so that Zane Grey, for example, is discussed in an essay on Western literature but does not have an essay to himself). In this way, the project is truly "encyclopedic," in the conventional sense. These essays aim for comprehensiveness without losing anything of the narrative force that makes them good reading in their own right. In a very real fashion, the literature of the American people reflects their deepest desires, aspirations, fears, and fantasies. The Oxford Encyclopedia of American Literature gathers a wide range of information that illumines the field itself and clarifies many of its particulars.

Political issues and events have always acted as a catalyst on thought and art. In this pioneering study, Larry J. Reynolds argues that the European revolutions of 1848-49 quickened the American literary imagination and shaped the characters, plots, and themes of the American renaissance. He traces the impact of the revolutions on Emerson, Fuller, Hawthorne, Melville, Whitman, and Thoreau, showing that the upheavals abroad both inspired and disturbed.

Extraordinarily well informed and creative treatment of the influences of the 1848-49 European revolutions on writers of the American Renaissance...The book is especially effective in providing a historical context for reading major writings. It demonstrates influences at work at a number of levels and presents historical narrative and subtle readings of literary texts with equal clarity. Highly recommended.- Choice

This book takes the case of Gregory Rabassa, translator into English of such canonical novels as García Márquez's *Cien años de soledad* and Cortázar's *Rayuela*. In the chapters, the author historicizes the translator's practice by investigating Rabassa's ideas about translation and his own practice, the relationship between Rabassa and "his" authors, and the circulation and reception of Rabassa's translations, especially of the works of the so-called Latin American Boom. By critically engaging Rabassa as a translating subject, this book affirms the translator's active role in shaping literary traditions and in producing texts and knowledge. Rabassa emerges as an active subject in the inter-American literary exchange, an agent bound to history and to the forces involved in the production of culture.

Introduction by Werner Sollors Adrienne Kennedy has been a force in American theatre since the early 1960s, influencing generations of playwrights with her hauntingly fragmentary lyrical dramas. Exploring the violence racism visits upon people's lives, Kennedy's plays express poetic alienation, transcending the particulars of character and plot through ritualistic repetition and radical structural experimentation. Frequently produced, read, and taught, they continue to hold a significant place among the most exciting dramas of the past fifty years. This first comprehensive collection of her most important works traces the development of Kennedy's unique theatrical oeuvre from her Obie-winning *Funnyhouse of a Negro* (1964) through significant later works such as *A Movie Star Has to Star in Black and White* (1976), *Ohio State Murders* (1992), and *June and Jean in Concert*, for which she won an Obie in 1996. The entire contents of Kennedy's groundbreaking collections *In One Act* and *The Alexander Plays* are included, as is her earliest work "Because of the King of France" and the play *An Evening with Dead Essex* (1972). More recent prose writings "Secret Paragraphs about My Brother," "A Letter

to Flowers," and "Sisters Etta and Ella" are fascinating refractions of the themes and motifs of her dramatic works, even while they explore new material on teaching and writing. An introduction by Werner Sollors provides a valuable overview of Kennedy's career and the trajectory of her literary development. Adrienne Kennedy (b. 1931) is a three-time Obie-award winning playwright whose works have been widely performed and anthologized. Among her many honors are the American Academy of Arts and Letters award and the Guggenheim fellowship. In 1995-6, the Signature Theatre Company dedicated its entire season to presenting her work. She has been commissioned to write works for the Public Theater, Jerome Robbins, the Royal Court Theatre, the Mark Taper Forum, and Juilliard, and she has been a visiting professor at Yale, Princeton, Brown, the University of California at Berkeley, and Harvard. She lives in New York City.
