A New Translation From The French By Marion Wiesel Night is Elie Wiesel's masterpiece, a candid, horrific, and deeply poignant autobiographical account of his survival as a teenager in the Nazi death camps. This new translation by Marion Wiesel, Elie's wife and frequent translator, presents this seminal memoir in the language and spirit truest to the author's original intent. And in a substantive new preface, Elie reflects on the enduring importance of Night and his lifelong, passionate dedication to ensuring that the world never forgets man's capacity for inhumanity to man. Night offers much more than a litany of the daily terrors, everyday perversions, and rampant sadism at Auschwitz and Buchenwald; it also eloquently addresses many of the philosophical as well as personal questions implicit in any serious consideration of what the Holocaust was, what it meant, and what its legacy is and will be.

In St. Teresa of Avila's classic spiritual book Interior Castle she describes a difficult period of time in her spiritual journey when she said, "When I think of myself, I feel like a bird with a broken wing." When I left the monastery thirty-eight years ago, this was exactly how I felt. I Was Gone Long Before I Left is the story about my interior struggle to leave the monastery after living this lifestyle for over twenty-five years. It explores the reasons why I went to the monastery, why I stayed, why I eventually left, and what I have learned. Maybe more importantly, it describes the many years of mental anguish, confusion, and depression that I went through to finally make this decision. It has brought back many painful memories and experiences and called

for an honesty and vulnerability that I found daunting. For over thirty-eight years, I have been unable to write about my experience of life in the monastery because I felt ashamed. For years, I thought about leaving, but couldn't make this decision because I felt paralyzed psychologically and emotionally. Now, after all these years, I have found the courage to share my story.

When the Six-Day War began, Elie Wiesel rushed to Israel. "I went to Jerusalem because I had to go somewhere, I had to leave the present and bring it back to the past. You see, the man who came to Jerusalem then came as a beggar, a madman, not believing his eyes and ears, and above all, his memory." This haunting novel takes place in the days following the Six-Day War. A Holocaust survivor visits the newly reunited city of Jerusalem. At the Western Wall he encounters the beggars and madmen who congregate there every evening, and who force him to confront the ghosts of his past and his ties to the present. Weaving together myth and mystery, parable and paradox, Wiesel bids the reader to join him on a spiritual journey back and forth in time, always returning to Jerusalem.

Abraham Joshua Heschel said that, "We are closer to God when we are asking questions than when we have the answers." He believed that to be a Christian is not to be a person who knows all the answers but one who "lives in the part of the self where the question is constantly being born." Most of us don't think very much about our questions. In our culture, we are accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri. But behind any answer, there is always a question. Sometimes, the question isn't clear to us; sometimes, it is not very well articulated, even to ourselves. But it is always there. In over thirty years as a psychotherapist and spiritual director, Peter C. Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways. This book is an invitation to see how important it is to learn how to ask the right questions about our lives. This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically. Our questions orient our lives and give direction to us. We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become.

Ellen Fine's book is full of original insights, beautifully written and structured. I could not put it down. It is a very important study." -- Rosette Lamont, Queens College and Graduate School, City University of New York "By treating Wiesel's novels as literary-spiritual stages in the development of Wiesel's larger experience, as a survivor-witness-writer, Dr. Fine's book takes on an inherently dramatic character which makes it alive and exciting as well as instructive." -- Terrence Des Pres, Colgate University "Fine clarifies Wiesel's intentions, especially illuminating the complex variations on the themes of speech and silence, fathers and sons, escape and return--in short, the ideas around which Wiesel organizes his literary universe. No one has done this before so thoroughly."

The doctrine of God is central to theology for it determines the way in which other regions of Christian doctrine are articulated, yet work on this topic in its own right has been occluded recently by treatments of the Trinity or divine passibility. This collection of specially commissioned essays presents major treatments of key themes in the doctrine of God, motivated by but not restricted to the work of Professor Paul S. Fiddes to whom it is offered as a *Festschrift*. It includes invigorating discussions of the biblical and non-biblical sources for the doctrine of God, and the section on 'Metaphysics and the Doctrine of God' examines some of the most important conceptual questions arising in contemporary theological debate about the being and nature of God, and God's relations to the world. The final section of the book on 'God and Humanity' will be highly relevant to scholars working in the fields of theological anthropology, moral and political theology, on inter-faith relations, on theology and

literature, or who are interested in the impact of contemporary science on the doctrine of God. The introduction relates the essays in the book to the work of Professor Fiddes and to wider debates in Christian doctrine. This volume brings together a team of internationally distinguished scholars from a wide range of theological, philosophical, and religious perspectives, and it will stimulate fresh thinking and new debate about this most central of topics in Christian theology.

Long Night's Journey Into Day is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought. To Jews, the Holocaust is the most terrible happening in their history, but it must also be seen as a Christian event. The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust, examining such issues as the relation between human and demonic culpability, the charge of God's guilt, and the reality of forgiveness. They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church, and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils. This enlarged and revised edition takes into account new topics and developments, including the issue of Austrian responsibility for the Holocaust, the significance and aftermath of Bitburg, and antisemitism in German feminism. More detailed attention is also given to other modern genocides and occasions of humanly-caused mass death. Additional literary, historical, and religious works are considered and appropriate quotations incorporated. The new edition also includes a revised preface, an updated bibliography and two new appendices.

A timely call for a new ethic of journalism engagement for today's troubled media sphere, *Objectively Engaged Journalism* argues that media should be neither neutral nor partisan but engaged in protecting egalitarian democracy. It shows how journalists, professional or citizen, can be both objective in method and dedicated to improving a global public sphere toxic with disinformation, fake news, and extremism. Drawing from history, ethics, and current media issues, Stephen Ward rejects the ideals of neutrality and "just the facts" objectivity, showing how they are based on invalid dualistic thinking with deep roots in Western culture. He presents a theory of pragmatic objectivity and applies it to journalism. Journalism's role in interpreting culture, he argues, needs a form of objectivity that embraces human strengths and limitations. Defining responsible journalism as situated, imperfect inquiry, *Objectively Engaged Journalism* is one of the first systematic studies of the ethical foundations of engaged journalism for a media that is increasingly perspectival and embedded in society.

In this work, essays examine Wiesel ' s roots in Jewish storytelling traditions; influences from religious, folk, and secular sources; education; Yiddish background; Holocaust experience; and writing style.
