History as Social Science – Items

The social sciences are not a self-contained system, one of whose boundaries lies in some fringe area of the historical sciences. Rather the study of man is a continuum, and social scientific history is a bridge between the social sciences and the humanities. What we are proposing, to both audiences, is a bigger and better bridge.

Answers For Social Science History

What emerges from the critical rationalism of the

18th century is not, in the first instance, a

conception of need for a plurality of social

sciences, but rather for a single science of

humanity that would take its place in the

hierarchy of the sciences that included the fields

of astronomy, physics, chemistry, and biology. In

the 1840s, Comte called for a new science, one

with humanity, not humans as animals, as its

subject (humans as animals already being a

subject of biology).
