Answers For Social Science History

Social science, any branch of academic study or science that deals with human behaviour in its social and cultural aspects. Usually included within the social sciences are cultural (or social) anthropology, sociology, psychology, political science, and economics. The discipline of historiography is regarded by many as a social science, and certain areas of historical study are almost indistinguishable from work done in the social sciences.

The social sciences are not a self-contained system, one of whose boundaries lies in some fringe area of the historical sciences. Rather the study of man is a continuum, and social scientific history is a bridge between the social sciences and the humanities. What we are proposing, to both audiences, is a bigger and better bridge.

Answer: The problem behind the
classification is that the periodization has
been borrowed from the west where the
Modern Period was associated with the
growth of all the forces of modernity –
science, reason, democracy, liberty and
equality. Medieval was used to define
society where there was absence of
modern forces.

MCQ Questions for Class 8 Social Science SST with Answers ...

What emerges from the critical rationalism of the 18th century is not, in the first instance, a conception of need for a plurality of social sciences, but rather for a single science of humanity that would take its place in the hierarchy of the sciences that included the fields of astronomy, physics,

chemistry, and biology. In the 1840s, Comte called for a new science, one with humanity, not humans as animals, as its subject (humans as animals already being a subject of biology).
