Climate Studies eInvestigations Manual 2020-21 - Rental ...
Weather manual 2020-21 - Rental. The manual introduces tools for exploring, analyzing and interpreting the workings of Earth's atmosphere. As a companion to the Weather Studies: Introduction to Atmospheric Science, this manual offers an interactive introduction to the Earth's atmosphere with thirty investigations that build on previous learning experiences.

Investigations lead the student through analysis and interpretation of current climatological data. Weekly Current Climate Studies, posted to the RealTime Climate Portal during fall and spring semesters, may be used to reinforce Manual investigations using more current climate data and information.
