It is signified by the rise of overt sexism, racism, classism, anthropocentrism, Islamophobia and intensified conservatism that determine who crosses the boundaries, the terms of their crossing and the hospitality they receive. President Trump's shocking statement that characterized some Two-Thirds World countries as S.H.I.T. challenge euro-centric racist-global immigration policies and propose the paradigm of breaking the master's S.H.I.T. Holes. [Die Klosch ü sseln der Herrschenden zerbrechen. This book develops a conceptual understanding of Artificial Intelligence (AI), Deep Learning and Machine Learning in the truest sense of the word. It is an earnest endeavor to unravel what is happening at the algorithmic level, to grasp how applications are being built and to show the long adventurous road in the

future. An Intuitive Exploration of Artificial Intelligence offers insightful details on how AI works and solves problems in computer vision, natural language understanding, speech understanding, reinforcement learning and synthesis of new content. From the classic problem of recognizing cats and dogs, to building autonomous vehicles, to translating text into another language, to automatically converting speech into text and back to speech, to generating neural art, to playing games, and the author's own experience in building solutions in industry, this book is about explaining how exactly the myriad applications of AI flow out of its immense potential. The book is intended to serve as a textbook for graduate and senior-level undergraduate courses in AI. Moreover, since the book provides a strong geometrical intuition about advanced mathematical foundations of AI, practitioners and researchers will equally benefit from the book.

Julia belongs to the inner circle of Johannesburg high society. But in the New South Africa, things have changed - the days of tea on the lawn are over. Julia's husband, Douglas, is a serial adulterer and is no longer willing to pay for the small luxuries she has always enjoyed. Her daughter has rebelled herself right out of her life. She doesn't seem to be able to manage the 'home workers' who have developed a will of their own, and her best friend, Caroline, is quietly considering killing her husband. Now Douglas's ex-wife, who is never spoken of, has announced her intention of coming to visit from London bringing, no doubt, her politically correct credentials along with her. She's coming to see Nelson Mandela, she says. *People Like Ourselves* takes a wry look at the brave new world that is the 'African miracle' today, by the prize-winning author of *Frieda and Min, Like Water in Wild Places* and *Dance with a Poor Man's Daughter*.

The Men Who Killed Gandhi by Manohar Malgonkar takes readers back into the pages of Indian history during the time of the partition, featuring the murder plot and assassination of Mahatma Gandhi. *The Men Who Killed Gandhi* is a spellbinding non-fictional recreation of the events which led to India's partition, the eventual assassination of Gandhi, and the prosecution of those who were involved in Gandhi's murder. This historical

reenactment is set against the tumultuous backdrop of the British Raj. Malgonkar's book is a result of painstaking research and from also having privileged access to many important documents and photographs related to the assassination. There is no doubt that Mahatma Gandhi played a leading role in obtaining independence from the British. But the problems that ensued afterwards, such as the structural rebuilding of the country and the Partition, led to many riots, massive migrations, and deep racial and cultural divides. Not everyone agreed with Gandhi and his ideals. As a result, a plot to assassinate Gandhi was devised by six individuals named, Narayan Apte, Gopal Godse, Madanlal Pahwa, Digambar Badge, and Nathuram Godse. This was eventually carried out in New Delhi, on the 30th of January, 1948. Eventually, these six individuals were tried and convicted. Four of them received life sentences while two of them received the death penalty. The first publication of *The Men Who Killed Gandhi* occurred in 1978, during the Emergency years. As a result, Malgonkar omitted many vital facts including Dr. Ambedkar's role in minimizing Savarkar's criminal conviction. This 11th edition of the text contains these omitted facts as well as rare documents, and photographs obtained from National Archives. After the four individuals who were convicted for Gandhi's murder completed their life sentences, they were interviewed by Malgonkar. These individuals revealed many details to him which were never known before. The author also received access to the Kapur Commission from his friend Mr. Nayar, who was in the Indian Police Service. As a result, *The Men Who Killed Gandhi* is considered the most historically accurate account of Gandhi's assassination plot.

Long-listed for the 2014 National Book Award in fiction Winner of the 2015 Alex Award for adult books with special appeal for young adults Beautifully written and unexpectedly moving, John Darnielle's audacious and gripping debut novel *Wolf in White Van* is a marvel of storytelling brio and genuine literary delicacy. Welcome to Trace Italian, a game of strategy and survival! You may now make your first move. Isolated by a disfiguring injury since the age of seventeen, Sean Phillips crafts imaginary worlds for strangers to play in. From his small apartment in southern California, he orchestrates fantastic adventures where possibilities, both dark and bright, open in the boundaries between the real and the imagined. As the creator of *Trace Italian*—a text-based, role-playing game played through the

mail—Sean guides players from around the world through his intricately imagined terrain, which they navigate and explore, turn by turn, seeking sanctuary in a ravaged, savage future America. Lance and Carrie are high school students from Florida, explorers of the Trace. But when they take their play into the real world, disaster strikes, and Sean is called to account for it. In the process, he is pulled back through time, tunneling toward the moment of his own self-inflicted departure from the world in which most people live. Brilliantly constructed, *Wolf in White Van* unfolds in reverse until we arrive at both the beginning and the climax: the event that has shaped so much of Sean's life. In August 2008, Heads of State of the Southern African Development Community adopted the ground-breaking SADC Protocol on Gender and Development. This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance. By the 2013 Heads of State summit, 13 countries had signed and 12 countries had ratified the SADC Gender Protocol. The Protocol is now in force. With one year to go, time is ticking to 2015, when governments need to have achieved 28 targets for the attainment of gender equality. In keeping with the Alliance slogan: Yes we must! this 2014 Barometer provides a wealth of updated data against which progress will be measured by all those who cherish democracy in the region. The world, and SADC, is also looking to the future with the post 2015 agenda. Now is the time to strengthen resolve, reconsider, reposition, and re-strategise for 2030.

"She was killing herself slowly, and this obsession with the war had to stop." How can one man cope when his true love is a woman of great destiny? "The people are her purpose and she is my purpose." The Wind of Change follows the intersecting fates of Francois and Zola as they struggle with the injustices of life and inconsistencies of love in a world where children are dying. Within the Frenchman's narrative and declarations of love lies the tragic tale of the children of war-torn Africa and the personal cost of civil war and armed conflict, of torture, murder, resistance, and forgiveness. Set in the days of Nelson Mandela's release from incarceration, it brings to life the Pan-African ideals of the 60s through the journey of a young woman who would

be queen to unite and bring peace to all of Africa. If you imagine a future can you make it real? Can you make a difference? If you give from your heart, can you make the wind change?
