180 Days of Social Studies for Second Grade HARCOURT
The SAGE Handbook of Educational Leadership is a landmark work with contributions from 37 internationally renowned scholars covering an extensive range of issues confronting the field of educational leadership and administration. The Handbook reviews how leadership was redefined by management and organizational theory in its quest to become scientific, then looks forward to promising theories, concepts, and practices that show potential for development and application. This Handbook represents the establishment of a new tradition in educational leadership. It thoroughly covers a broad range of issues pertaining to curriculum leadership, supervision, teacher evaluation, budgeting, planning, school design, and issues facing the principalship and the superintendency in the United States.

With READING TO LEARN IN THE CONTENT AREAS, Eighth Edition, future educators discover how they can teach students to use reading, discussion, and writing as vehicles for learning in any discipline. The text explores how the increased availability of computers, instructional software, social media, and Internet resources--as well as the rise of electronic literacy in general--have affected the ways children learn and create meaning from their world. The authors unique lesson framework for instruction, PAR (Preparation/Assistance/Reflection), extends throughout the book. The text's reader-friendly presentation, balanced approach, strong research base, and inclusion of real-life examples from a variety of subject areas and grade levels have helped make it one of the most popular and effective books on the market. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
