From one of this country's most thoughtful and committed leaders, this optimistic, pragmatic guide--now revised and updated to reflect the current political climate--offers a timeless practice to inspire hope for our country's future. When *A Mindful Nation* was first published, mindfulness had yet to ingrain itself into our everyday way of life--from our inner well-being to home to work to friends to family. Yet, with the ever-increasing pace of communication, flow of information, and pervasive urge to do more, the lessons from *A Mindful Nation* are perhaps even more important today. In this new and updated edition, retitled *Healing America*, Congressman Tim Ryan shares how the timeless practice of mindfulness, the natural capabilities of our brains and minds, and the core American values of self-reliance, determination, and getting the job done can positively affect every sector of our society. Ryan connects the dots between what's happening in the classrooms, hospitals, boardrooms, research labs, and military bases across the country. He explores the most recent scientific findings that support the beneficial effects of mindfulness and shares powerful stories from the field, showing how this simple practice is helping schoolchildren improve their ability to learn, veterans heal from trauma, and CEOs become more effective leaders. He also provides practical tips for how to incorporate mindfulness into your life today. In this world of divisive politics and contentious dialogue, the barrage of tension never seems to let up. But there are solutions that will immediately benefit both you and society as a whole--actions that you can take, right here and right now. With a direct and in-depth understanding of politics, government budgets, and what it takes to get important tasks done, Ryan combines a practical approach with a hopeful vision for how mindfulness can help reinvigorate the American Dream.

Pastor and New York Times bestselling author Timothy Keller reveals the hidden depths within the book of Jonah--the most misunderstood parable in the Bible. Previously published as *The Prodigal Prophet* The story of Jonah is one of the most well-known parables in the Bible. It is also the most misunderstood. Many people, even those who are nonreligious, are familiar with Jonah: A rebellious prophet who defies God and is swallowed by a whale. But there's much more to Jonah's story than most of us realize. In *Rediscovering Jonah*, pastor and New York Times bestselling author Timothy Keller reveals the hidden depths within the book of Jonah. Keller makes the case that Jonah was one of the worst prophets in the entire Bible. And yet there are unmistakably clear connections between Jonah, the prodigal son, and Jesus. Jesus in fact saw himself in Jonah. How could one of the most defiant and disobedient prophets in the Bible be compared to Jesus? Jonah's journey also doesn't end when he is freed from the belly of the fish. There is an entire second half to his story--but it is left unresolved within the text of the Bible. Why does the book of Jonah end on what is essentially a cliffhanger? In these pages, Timothy Keller provides an answer to the extraordinary conclusion of this biblical parable--and shares the powerful Christian message at the heart of Jonah's story.
