2000-2003 comprising of 16 assignments, complete
with answers. Each assignment provides extra practice
on topics learned in the corresponding Pupil's book
chapter. Two assignments are included for each
chapter in Further Access 2000-2003. Each of these
assignments requires the student to follow the given
instructions to create a database, and then answer
questions to show that they have done the assignment
correctly. The assignments are intended to provide
extra practice in techniques already learned, and to
occupy faster students while others in a group catch
up. Answers are given in full together with the
completed database. There is also some advice for
teachers given for each chapter on anything they
might want to point out to the students before they
attempt the exercise.
