Winner of the 2018 Michael L.

Printz Award — An achingly beautiful novel about grief and the enduring power of friendship. “Short, poetic and gorgeously written.” —The New York Times Book Review “A beautiful, devastating piece of art.” —Bookpage You go through life thinking there’s so much you need. . . . Until you leave with only your phone, your wallet, and a picture of

your mother. Marin hasn't spoken to anyone from her old life since the day she left everything behind. No one knows the truth about those final weeks. Not even her best friend Mabel. But even thousands of miles away from the California coast, at college in New York, Marin still feels the pull of the life and tragedy she's tried to outrun. Now, months later, alone in an emptied dorm for winter break, Marin waits. Mabel is coming to visit and Marin will be forced to face everything that's been left unsaid and finally confront the loneliness that has made a home in her heart. An intimate whisper that packs an indelible punch, *We Are Okay* is Nina LaCour at her finest. This gorgeously crafted and aching honest portrayal of grief will leave you urgent to reach across any distance to reconnect with the people you love. Praise for *We Are Okay* "Nina LaCour treats her emotions so beautifully and with such empathy." —Bustle "Exquisite." —Kirkus ?

"LaCour paints a captivating depiction of loss, bewilderment, and emotional paralysis . . . raw and beautiful." —Booklist ?
"Beautifully crafted . . . A quietly moving, potent novel." —SLJ ?
"A moving portrait of a girl struggling to rebound after everything she's known has been thrown into disarray." —Publishers Weekly ?
"Bittersweet and hopeful . . . poetic and skillfully crafted." —Shelf Awareness
"So lonely and beautiful that I could hardly breathe. This is a perfect book." —Stephanie Perkins, bestselling author of *Anna and the French Kiss* "As beautiful as the best memories, as sad as the best songs, as hopeful as your best dreams." —Siobhan Vivian, bestselling author of *The Last Boy and Girl in the World* "You can feel every peak and valley of Marin's emotional journey on your skin, in your gut. Beautifully written, heartfelt, and deeply real." —Adi Alsaid, author of *Never Always Sometimes and Let's Get Lost*

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods

next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

Gifts Quickstudy Maleeka suffers every day from the taunts of the other kids in her class. If they're not getting at her about her homemade clothes or her good grades, it's about her dark, black skin. When a new teacher, whose face is blotched with a startling white patch, starts at their school, Maleeka can see there is bound to be trouble for her too. But the new teacher's attitude surprises Maleeka. Miss Saunders loves the skin she's in. Can Maleeka learn to do the same?

Life is not what you get out of it . . . it's what you put back in. Yet our current means for summarizing life's work, from resumes to salaries, are devoid of what matters most. This is why the work we do is often bad for our wellbeing, when it should be making us happier and healthier. What are the most meaningful contributions we can make? This is Life's Great Question. Life is about what you do that improves the world around you. It is about investing in the development of other people. And it is about efforts

that will continue to grow when you are gone. Life's Great Question will show you how to make your work and life more meaningful, and greatly boost your wellbeing. In this remarkably quick read, author Tom Rath describes how finding your greatest contribution is far more effective than following talent or passion alone. More than a book, each copy includes a code for an online program that identifies the most significant contributions you can make. This deeply practical book will alter how you look at your work and change the way you live each day.

The Book Of Secrets Harper Collins
There are four distinct types of managers. One performs much worse than the rest, and one performs far better. Which type are you? Based on a first-of-its-kind, wide-ranging global study of over 9,000 people, analysts at the global research and advisory firm Gartner were able to

classify all managers into one of four types: Teacher managers, who develop employees' skills based on their own expertise and direct their development along a similar track to their own. Cheerleader managers, who give positive feedback while taking a general hands-off approach to employee development. Always-on managers, who provide constant, frequent feedback and coaching on all aspects of the employee's performance. Connector managers, who provide feedback in their area of expertise while connecting employees to others in the team or organization who are better suited to address specific needs. Although the four types of managers are more or less

evenly distributed, the Connector manager consistently outperforms the others by a significant margin. Meanwhile, Always-on managers tend to see their employees struggle to grow within the organization. Why is that? Drawing on their groundbreaking data-driven research, as well as in-depth case studies and extensive interviews with managers and employees at companies like IBM, Accenture, and eBay, the authors show what behaviors define a Connector manager, and why they are able to build powerhouse teams. They also show why other types of managers fail to be equally effective, and how they can incorporate behaviors of Connector managers in order to be more

effective at building teams.

Millennial

Cervantes explores
some of the most
important recent
trends in Cervantes
scholarship in the

twenty-first century. It brings together leading Cervantes scholars of the United States in order to showcase their cutting-edge work within a cultural studies frame that encompasses everything from ekphrasis to philosophy, from sexuality to Cold War political satire, and from the culinary arts to the digital humanities. Millennial Cervantes is divided into three sets of essays--conceptually organized around thematic and methodological lines that move

outward in a series of concentric circles. The first group, focused on the concept of "Cervantes in his original contexts," features essays that bring new insights to these texts within the primary context of early modern Iberian culture. The second group, focused on the concept of "Cervantes in comparative contexts," features essays that examine Cervantes's works in conjunction with those of the English-speaking world, both seventeenth- and twentieth-century.

The third group, focused on the concept of "Cervantes in wider cultural contexts," examines Cervantes's works--principally Don Quixote--as points of departure for other cultural products and wider intellectual debates. This collection articulates the state of Cervantes studies in the first two decades of the new millennium as we move further into a century that promises both unimagined technological advances and the concomitant

cultural changes that will naturally adhere to this new technology, whatever it may be.

Beyond Suffering U of Nebraska Press

In the face of pain or loss, the ultimate question of the human heart is "Why?" In the book of Job, a pain-torn man tries to understand the mind of God while his friends offer their human opinions on his suffering. But when the final answer comes, there are no more speeches. Not from them. It is time to hear from God. Rich with personal experience and examples drawn from the lives of great men, Layton

Talbert's exploration of the book of Job deals with the depths of human suffering and the heights of God's supreme purpose. Dr. Talbert's thorough research, detailed examination of each speaker's perspective, and countless cross-references make Beyond Suffering an essential resource for any student of the Bible.
