Using the innovative approach and powerful examples that have become the signature of this longtime market leader, Brigham/Houston's **FUNDAMENTALS OF FINANCIAL MANAGEMENT**, 15e continues to equip

learners with a thorough understanding of the what and the why of corporate finance and financial management. Its unique balance of clear concepts, contemporary theory, and practical applications ensures readers understand the concepts and reasons behind corporate budgeting, financing, working

capital decision-making, forecasting, valuation, and Time Value of Money. The authors also provide authoritative insight into the federal debt, the ongoing recovery of financial markets, the European debt crisis, and more. In addition, hands-on exercises enable learners to put what they learn

into real-world practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Intermediate Financial Management South-Western Pub Gain an understanding of the financial challenges facing businesses today -- and the best solutions -- with the book written specifically for intermediate or advanced corporate

finance studies: **INTERMEDIATE FINANCIAL MANAGEMENT, 14E.** Written by leading finance authors Gene Brigham and Phillip Daves, this reader-friendly presentation blends in-depth discussions of core financial management issues with the most current coverage of topics reshaping finance today, including the unfolding impact of the global pandemic and the consequences of the 2017 Tax Cuts and Jobs Act. This comprehensive edition balances theory with practical application, using corporate valuation as a unifying theme to emphasize the theoretic groundwork for value maximization. Integrated, extensive Excel tools and

spreadsheet models work with recent examples, mini-cases and exercises to illustrate how financial theory in practice leads to stronger financial decisions, now and throughout your career. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **The Capital Budgeting Decision, Ninth Edition** Cengage Learning Known for its real-world examples and effective problem sets, this undergraduate corporate finance course is

now in its 9th edition and includes a student resource CD-ROM, with Excel tutorials and additional practice problems. The tenth edition features InfoTrac college edition access.

Wiley Global Education Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The

emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them.

Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course. Short-Term Financial Management Cengage Learning Lo/Fisher is praised for its readability and conversational writing style that helps students better understand

difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can

be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Cengage Learning
Written specifically for upper-level undergraduate finance courses that focus on short-term financial management, working capital, and treasury management, this revised 5th edition of *Short-Term Financial*

Management provides a comprehensive overview of topics that are vital for anyone interested in a career in corporate finance. The opening chapter reviews the time value of money and the basics of financial statement analysis. This edition also emphasizes benchmarking the cash conversion cycle, revises the discussion of bank relationship management, and expands the section on

account analysis statements. In addition, there is new material on the application of statistical tools through the use of Excel. Each chapter includes student learning objectives, discussion questions, and sample problems. "Focus on Practice" sections introduce students to real-world articles and case studies. The book also features resources that will allow students to practice and

apply the target concepts. An excellent introduction to many topics covered by the Certified Treasury Professional (CTP) certification, Short-Term Financial Management is suitable for courses in intermediate financial management and advanced corporate finance. Matthew Hill holds the Ph.D. in finance from Mississippi State University. Dr. Hill is the co-director of the

Center for Strategic Finance and Corporate Treasury Management at Arkansas State University. John Zietlow earned his D.B.A at the University of Memphis. A former financial analyst for Ford Motor Company, Dr. Zietlow is now a professor of finance at Southwest Baptist University in Bolivar, Missouri. Terry Maness completed his D.B.A at Indiana University, Bloomington. Dr. Maness is the
