in collaboration by Athabasca University and Lyryx, is intended for a first course in Intermediate Financial Accounting, and presumes that students have already completed one or two Introductory Financial Accounting courses. The textbook reflects current International Financial Reporting Standards (IFRS), such as IFRS 15 - Revenue from Contracts With Customers. This textbook provides a review of introductory accounting concepts and covers all topics essential to a first level Intermediate Accounting course: the conceptual framework and current landscape of financial reporting; statements of financial position; comprehensive income; cash flows and shareholders' equity; cash and receivables; revenue; inventory; property, plant and equipment; intangible assets; and intercorporate investments. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at [info@lyryx.com](mailto:info@lyryx.com). It also focuses on more difficult intermediate accounting topics that match prerequisite

requirements for students advancing to a second level Intermediate Financial Accounting course. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here."--BCcampus website.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. **Principles of Accounting** is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
