In February and March 2008, the International Program and the Department of Architecture and Design at The Museum of Modern Art, New York, organized the Museum's first symposium on the modernist architecture of the Caribbean and bordering Latin American countries, in collaboration with the Caribbean School of Architecture at the University of Technology, Kingston, Jamaica. Topics included regional and international legacies, preservation, environmental sustainability and urban planning, as they relate to modernist architectural history and contemporary practice. The presenters were leading architects and local architectural historians. This illustrated volume presents papers from this symposium by Silvia Arango, Mervyn Awon, Marcus Barinas, Carlos Brillembourg, Jackson Burnside, Jean Doucet, Belmont Freeman, David Gouverneur, Ronny Lobo, Louise Noelle, Mark Raymond, Bruno Stagno and L. Mark Taylor, in both English and Spanish.

NAMED THE #1 BEST BOOK OF THE YEAR BY THE CHRISTIAN SCIENCE MONITOR, A WITTY, INFORMATIVE, AND POPULAR TRAVELOGUE ABOUT THE SCANDINAVIAN COUNTRIES AND HOW THEY MAY NOT BE AS HAPPY OR AS PERFECT AS WE ASSUME Journalist Michael Booth has lived among the Scandinavians for more than ten years, and he has grown increasingly frustrated with the rose-tinted view of this part of the world offered up by the Western media. In this timely book he leaves his adopted home of Denmark and embarks on a journey through all five of the Nordic countries to discover who these curious tribes are, the secrets of their success, and, most intriguing of all, what they think of one another. Why are the Danes so happy,

despite having the highest taxes? Do the Finns really have the best education system? Are the Icelanders as feral as they sometimes appear? How are the Norwegians spending their fantastic oil wealth? And why do all of them hate the Swedes? In *The Almost Nearly Perfect People* Michael Booth explains who the Scandinavians are, how they differ and why, and what their quirks and foibles are, and he explores why these societies have become so successful and models for the world. Along the way a more nuanced, often darker picture emerges of a region plagued by taboos, characterized by suffocating parochialism, and populated by extremists of various shades. They may very well be almost nearly perfect, but it isn't easy being Scandinavian.

Cuba's cultural influence throughout the Western Hemisphere, and especially in the United States, has been disproportionally large for so small a country. This landmark volume is the first comprehensive overview of poetry written over the past sixty years. Presented in a beautiful Spanish-English en face edition, *The Whole Island* makes available the astonishing achievement of a wide range of Cuban poets, including such well-known figures as Nicolás Guillén, José Lezama Lima, and Nancy Morejón, but also poets widely read in Spanish who remain almost unknown to the English-speaking world—among them Fina García Marruz, José Kozar, Raúl Hernández Novás, and Ángel Escobar—and poets born since the Revolution, like Rogelio Saunders, Omar Pérez, Alessandra Molina, and Javier Marimón. The translations, almost all of them new, convey the intensity and beauty of the accompanying Spanish originals. With their work deeply

rooted in Cuban culture, many of these poets—both on and off the island—have been at the center of the political and social changes of this tempestuous period. The poems offered here constitute an essential source for understanding the literature and culture of Cuba, its diaspora, and the Caribbean at large, and provide an unparalleled perspective on what it means to be Cuban.

This module on the nature of language aims to provide the novice and even experienced teacher with a broad and accessible picture of language as a formal system. As such, it covers topics such as the nature of words, sounds, and syntax. The module places particular emphasis on the abstract and complex nature of language and how it does not resemble typical pedagogical rules and so-called "rules of thumb" often used with language learners. The Wind That Lays Waste Heinemann
A quirky, brilliant novel starring Chauncey Gardiner, an enigmatic man who rises from nowhere to become a media phenomenon— “ a fabulous creature of our age ” (Newsweek). One of the most beloved novels by the New York Times – bestselling and National Book Award – winning author of *The Painted Bird* and *Pinball, Being There* is the story of a mysterious man who finds himself at the center of Wall Street and Washington power—including his role as a policy adviser to the president—despite the fact that no one is quite sure where he comes from, or what he is actually talking about. Nevertheless, Chauncey “ Chance ” Gardiner is celebrated by the media, and hailed as a visionary, in this satirical masterpiece that became an award-winning film starring Peter Sellers. As wise and timely as ever, *Being There* is “ a tantalizing knuckleball of a book delivered with perfectly timed satirical hops and metaphysical flutters ” (Time).

In the United States today there is lively discussion, both among educators and employers, about the best way to prepare students with high-level language and cross-cultural communication proficiency that will serve them both professionally and personally in the global environment of the twenty-first century. At the same time, courses in business language and medical language have become more popular among students. Language for Specific Purposes (LSP), which encompasses these kinds of courses, responds to this discussion and provides curricular models for language programs that build practical language skills specific to a profession or field. Contributions in the book reinforce those models with national survey results, demonstrating the demand for and benefits of LSP instruction. With ten original research-based chapters, this volume will be of interest to high school and university language educators, program directors, linguists, and anyone looking to design LSP courses or programs in any world language.

Jon Kalman Stefansson is the winner of the Icelandic Prize for Literature and has been nominated three times for the Nordic Council Prize for Literature. Heaven and Hell, is a perfectly formed, vivid and timeless story, lyrical in style, and as intense a

reading experience as the forces of the Icelandic landscape themselves. Der Spiegel said it was "like an oyster--a glinting treasure in a rough shell." In a remote part of Iceland, a boy and his friend Barour join a boat to fish for cod. A winter storm surprises them out at sea and Barour, absorbed in "Paradise Lost", succumbs to the ferocious cold and dies.

Distraught from the murky circumstances of Barour's death, the boy leaves the village, intending to return the book to its original owner. The extreme hardship and danger of the journey is of little consequence to him--he has already resolved to join his friend in death. But once in the town he immerses himself in the stories and lives of its inhabitants, and decides that he cannot be with his friend just yet.

From bestselling author of the remarkable memoir, The Distance Between Us comes an inspiring account of one woman ' s quest to find her place in America as a first-generation Latina university student and aspiring writer determined to build a new life for her family one fearless word at a time. " Here is a life story so unbelievable, it could only be true " (Sandra Cisneros, bestselling author of The House on Mango Street). As an immigrant in an unfamiliar country, with an indifferent mother and abusive father, Reyna had few resources at her disposal. Taking refuge in words, Reyna ' s love of reading and writing propels her to rise above until she achieves the impossible and is accepted to the University of California, Santa Cruz. Although her acceptance is a triumph, the actual experience of American college life is intimidating and unfamiliar for someone like Reyna, who is now estranged from her family and support system. Again, she finds solace in words, holding fast to her vision of becoming a writer, only to discover she knows nothing about what it takes to make a career out of a dream. Through it all, Reyna is determined to make the impossible possible, going from undocumented immigrant of little means to " a fierce, smart, shimmering light of a writer " (Cheryl Strayed, author of Wild); a National Book Critics Circle Award Finalist whose " power is growing with every book " (Luis Alberto Urrea, Pulitzer Prize finalist); and a proud mother of two beautiful children who will never have to know the pain of poverty and neglect. Told in Reyna ' s exquisite, heartfelt prose, A Dream Called Home demonstrates how, by daring to pursue her dreams, Reyna was able to build the one thing she had always longed for: a home that would endure.

In this exciting adventure mixed with amazing scientific study, a young, exuberant explorer and

geoscientist journeys deep into the Amazon—where rivers boil and legends come to life. When Andrés Ruzo was just a small boy in Peru, his grandfather told him the story of a mysterious legend: There is a river, deep in the Amazon, which boils as if a fire burns below it. Twelve years later, Ruzo—now a geoscientist—hears his aunt mention that she herself had visited this strange river. Determined to discover if the boiling river is real, Ruzo sets out on a journey deep into the Amazon. What he finds astounds him: In this long, wide, and winding river, the waters run so hot that locals brew tea in them; small animals that fall in are instantly cooked. As he studies the river, Ruzo faces challenges more complex than he had ever imaged. The Boiling River follows this young explorer as he navigates a tangle of competing interests—local shamans, illegal cattle farmers and loggers, and oil companies. This true account reads like a modern-day adventure, complete with extraordinary characters, captivating plot twists, and jaw-dropping details—including stunning photographs and a never-before-published account about this incredible natural wonder. Ultimately, though, The Boiling River is about a man trying to understand the moral obligation that comes with scientific discovery—to protect a sacred site from misuse, neglect, and even from his own discovery.

Averno is a small crater lake in southern , regarded by the ancient Romans as the entrance to the underworld. That place gives its name to Louise Glück's eleventh collection: in a landscape turned irretrievably to winter, it is the only source of heat and light, a gate or passageway that invites traffic between worlds while at the same time opposing their reconciliation. Averno is an extended lamentation, its long, restless poems no less spellbinding for being without plot or hope, no less ravishing for being savage, grief-stricken. What Averno provides is not a map to a point of arrival or departure, but a diagram of where we are, the harrowing, enduring presence. Averno is a 2006 National Book Award Finalist for Poetry.
