This publication of Abraham  
Polonsky 's unproduced  
screenplay for The Gladiators is  
a tribute to one of

Hollywood ' s premiere post-  
WW II directors and writers  
whose career was severely  
impacted by the blacklist. His  
script for The Gladiators  
survives to remind us that he  
could, and did, transform a  
difficult and complex novel of  
an ancient slave rebellion into a  
screenplay worthy of Arthur  
Koestler ' s bold fictional vision.  
Through a combination of the  
ambivalence of its executive  
producer and star, plus bad  
timing, it never went before the  
cameras. This book is published  
in the hope that The Gladiators  
will be produced for cinema or  
television.

still a lot of mystery. Since Carthage was destroyed by Rome a generation after Hannibal, most of what is known about Hannibal came from the very people he tormented in the late 2nd century B.C., and thus much of his background and life story is unknown. Moreover, while military historians are still amazed that he was able to maintain his army in Italy near Rome for nearly 15 years, scholars are still puzzled over some of his decisions, including why he never attempted to

march on Rome in the first place. Spartacus is the world's most famous slave, and one of the most notorious figures of Ancient Rome. A slave enamored of freedom and willing to fight and die for it, he became especially popular in the years following the Enlightenment, after which he was widely viewed as a poignant champion of liberty in the 18th and 19th centuries. As a result, he became a symbol during struggles like the French Revolution, the American Revolution, the

is best remembered for what he did not conquer. Though he seemingly had Rome at his mercy in 452, he ultimately decided not to sack the Eternal City, and a year later he had suffered a mysterious death. Naturally, the dearth of information and the passage of time have allowed myths and legends to fill in the most important details of Attila's life. Why did a man at war with the Roman Empire for so long decide not to sack Rome in 452? Did a meeting with Pope Leo the Great convince him to spare the capital of the Western half of the empire? Did a vision from St. Peter induce Attila to convert to Christianity? Was Attila murdered by his new bride? Many authors and chroniclers have provided many answers to the many questions, but the lack of answers has allowed Attila to become the face of ancient barbarity and the embodiment of the furious nomadic conqueror.

"A World in the Making is a kind of anthropological journey taken by four historians that assumes all societies are "hot," and all people make history and always have. We argue in our emphasis on lives and livelihoods for a world constructed, altered, renovated, remade by ordinary people even as we acknowledge the genius of individual innovators, disruptors who broke the mold or struck out in some new direction."--Provided by publisher.

A rugged individualist and sometime ranch hand, Jack Burns has no love for the modern world. He is a man out of time, riding his horse through a Southwestern landscape corrupted by concrete, shopping centers, and superhighways. A stubborn loner, he lives by a personal moral code that often sets him at odds with contemporary society. And he wouldn ’ t have any other way. When Jack ’ s brazen attempt to free a jailed friend offails, the “ anarchist cowboy ” becomes an outlaw overnight. Suddenly he and his chestnut mare are racing toward the New Mexican high country with the state police, the military, and the FBI in hot pursuit. His private war against authority has reached a dangerous new level. But if the powerful forces aligning against him think that Jack is going to go quietly, they ’ ve got another think coming. The *Spartacus War* Peace Hill Press This Osprey Campaign title brings to life the story of Rome's most famous revolt, the Slave War (73-71 BC), and the ex-gadiator who led it. In the year 73 BC, the Thracian Spartacus broke out of the gladiatorial training school at Capua in Campania. A charismatic leader, Spartacus formed

an army of runaway slaves and people with little to lose, and defeated the Roman troops under the praetor C. Claudius Glaber. With this minor victory, Spartacus' army swelled to 70,000 and rampaged throughout Campania assaulting a number of cities and defeating two consular armies. Terrified lest the revolt spread across the republic, the government assigned M. Licinius Crassus the task of crushing the revolt. Crassus' first attempt to capture Spartacus failed, and the Roman senate called upon Pompey to help him. Together, they cornered Spartacus and brought him to battle near the source of the river Silarus. During the battle, Spartacus was killed and his army

defeated. Crassus crucified 6,000 prisoners as an example to others who might think of revolt. United States Senator Cory Booker makes the case that the virtues of empathy, responsibility, and action must guide our nation toward a brighter future. Raised in northern New Jersey, Cory Booker went to Stanford University on a football scholarship, accepted a Rhodes Scholarship to Oxford University, then studied at Yale Law School. Graduating from Yale, his options were limitless. He chose public service. He chose to move to a rough neighborhood in Newark, New Jersey, where he worked as a tenants' rights lawyer before winning a seat on the City Council. In 2006, he was elected mayor, and for more

---

than seven years he was the public face of an American city that had gone decades with too little positive national attention and investment. In 2013, Booker became the first African American elected to represent New Jersey in the U.S. Senate. In United, Cory Booker draws on personal experience to issue a stirring call to reorient our nation and our politics around the principles of compassion and solidarity. He speaks of rising above despair to engage with hope, pursuing our shared mission, and embracing our common destiny. Here is his account of his own political education, the

moments—some entertaining, some heartbreaking, all of them enlightening—that have shaped his civic vision. Here are the lessons Booker learned from the remarkable people who inspired him to serve, men and women whose example fueled his desire to create opportunities for others. Here also are his observations on the issues he cares about most deeply, from race and crime and the crisis of mass incarceration to economic and environmental justice. “Hope is the active conviction that despair will never have the last word,” Booker writes in this galvanizing book. In a world where we too easily lose touch with

---

our neighbors, he argues, we must remember that we all rise or fall together—and that we must move beyond mere tolerance for one another toward a deeper connection: love. Praise for United “ An exceedingly good book, and an important book, and a reminder of what makes Booker an important and, through it all, a promising public figure. ” —PolitickerNJ “ What sets Senator Booker ’ s work apart from that of similar political books is that it seeks to elevate discourse rather than bring down opponents of the opposite partisan persuasion. This is a refreshing take, one that is truly worthy of study and

contemplation. ” —The Huffington Post

Golding 's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world

war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
