2,000 Questions and Answers about the Civil War Carson-Dellosa Publishing

"The causes of the Civil War brings into sharp focus the major issues, real or imagined, that divided northerners and southerners in a disastrous national crisis. Juxtaposing articles and speeches by men who lived through the struggle with the interpretations of post-Civil War historians, Kenneth M. Stampp brings face to face spokesmen for the major schools of thought. Was slavery the determining cause? Can the blame be laid either to 'Black Republican' agitation or to the ruthless machinations of a 'Slave Power' conspiracy? Was the war an 'irrepressible

conflict' between an agrarian South and an industrialized North? This volume provides no answers. Rather, the readings--including several new selections--reveal the uncertainty about the war's causes that has repeatedly driven historians back to the sources. They help us to enlarge our knowledge and deepen our understanding of the differences that set brother against brother."--Page 4 of cover.

The Civil War: The War Between the States, Grades 5 - 12 Broadway

The essays in this book range widely throughout the history of the Civil War North, using new methods and sources to re-examine old theories and discover new aspects of America's greatest conflict. Many of these issues are just as important today as they were a century and a half ago.

The Negro's Civil War iUniverse

America's Civil War provides a detailed overview of the cultural and ideological landscape of post-colonial America that set the stage for war, and vividly describes the course of the conflict that took more American lives than any war in history and altered the course of the nation. Emphasis is placed on the fierce cultural and economic rivalry between the industrial North and the agricultural South and the pivotal rift concerning slavery that led to this irrepressible and bloody fight. The

lives of common soldiers, the weapons and methods of warfare, the presidency of Abraham Lincoln, and the role of other significant political and military leaders are among the topics discussed as well as the abolitionist movement, the underground railroad, and dramatic figures such as Harriet Beecher Stowe, and John Brown. Challenging review questions encourage meaningful reflection and historical analysis. Maps, tests, answer key, and extensive bibliography are included.

The American Civil War: The Right Answer CreateSpace

While most of the fighting took place in the South, the Civil War profoundly affected the North. As farm boys became soldiers and marched off to battle, social, economic, and political changes transformed northern society. In the generations following the conflict, historians tried to understand and explain the North's Civil War experience. Many historical explanations became taken for granted, such as that the Union Army was ideologically Republican, northern Democrats were disloyal, and German Americans were lousy soldiers. Now in this eye-opening collection of eleven stimulating essays, new

and important information is unearthed that solidly challenges the old historical arguments. The essays in *This Distracted and Anarchical People* range widely throughout the history of the Civil War North, using new methods and sources to reexamine old theories and discover new aspects of the nation's greatest conflict. Many of these issues are just as important today as they were a century and a half ago. What were the extent and limits of wartime dissent in the North? How could a president most effectively present himself to the public? Can the savagery of war ever be tamed? How did African Americans create and maintain their families? *This Distracted and Anarchical People* highlights the newest scholarship on a diverse array of topics, bringing fresh insight to bear on some of the most important topics in history today--such as the democratic press in the antebellum North, peace movements, the Union Army and the elections of 1864, Liberia and the U.S. Civil War, and African American veterans and marriage practices after Emancipation.

The Civil War and Reconstruction CreateSpace

James McPherson's classic book *For Cause & Comrades* explained "why men fought in the Civil War"—and spurred countless other historians to ask and attempt to answer the same question. But few have explored why men did not fight. That's the question Paul Taylor answers in this groundbreaking Civil War history that examines the reasons why at least 60 percent of service-eligible men in the North chose not to serve and why, to some extent, their communities allowed them to do so. Did these other men not feel the same patriotic impulses as their fellow citizens who rushed to the enlistment office? Did they not believe in the sanctity of the Union? Was freeing men held in chains under chattel slavery not a righteous moral crusade? And why did some soldiers come to regret their enlistment and try to leave the military? 'Tis Not Our War answers these questions by focusing on the thoughts, opinions, and beliefs of average civilians and soldiers. Taylor digs deep into primary sources—newspapers, diaries, letters, archival manuscripts, military reports, and published memoirs—to paint a vivid and richly complex portrait of men who questioned military service in the Civil War and to show that the North was never as unified in support of the war as portrayed in much of America's collective memory. This book adds to our understanding of the Civil War and the men who fought—and did not fight—in it.

The Real Cause of the Civil War Lorenz Educational Press

In this classic study, Pulitzer Prize-winning author James M. McPherson deftly narrates the

experience of blacks--former slaves and soldiers, preachers, visionaries, doctors, intellectuals, and common people--during the Civil War. Drawing on contemporary journalism, speeches, books, and letters, he presents an eclectic chronicle of their fears and hopes as well as their essential contributions to their own freedom. Through the words of these extraordinary participants, both Northern and Southern, McPherson captures African-American responses to emancipation, the shifting attitudes toward Lincoln and the life of black soldiers in the Union army. Above all, we are allowed to witness the dreams of a disenfranchised people eager to embrace the rights and the equality offered to them, finally, as citizens.

American Civil War: Key Events of the Civil War

Gr. 5-8 Thomas Nelson

We've asked dozens of people the following questions: "U.S. Civil War: Who started the Civil War?" and "What was the cause of the Civil War in the United States?." Here are the top answers. These answers were picked as being the most inspiring and interesting of all the given answers. Enjoy."

Revisioning the Civil War Teacher Created Materials

The Civil War that so devastated the United States began a century and a half ago; even so,

people continue to disagree on why the North and South went to war. By examining President Abraham Lincoln's speeches, along with those of other politicians during the time period, it is possible to identify historical misrepresentations and distortions that have made their way into textbooks. Author Jack Pennington, a historian and retired school teacher, seeks to answer three main questions: Were the lives of the blacks in the South better off following the war and Reconstruction? Are blacks still suffering from the remnants of Jim Crow laws? Would the natural time eradication of slavery, as predicted by Lincoln, Jefferson Davis, and other leading figures, have been more effective in bringing about equality and racial tolerance? Discover the true nature of Lincoln's actions and his primary motivations, and explore the politics and attitudes that led the North and South to split. Pennington seeks to explore the truth behind common misconceptions and illuminate The Real Cause of the Civil War.
