For some fifty years now, Arthur Miller has been not only America's premier playwright, but also one of our foremost public intellectuals and cultural critics. Echoes Down the Corridor gathers together a dazzling array of more than forty previously uncollected essays and works of reportage. Here is Arthur Miller, the brilliant social and political commentator—but here, too, Miller the private man behind the internationally renowned public figure. Witty and wise, rich in artistry and insight, Echoes Down the Corridor reaffirms Arthur Miller's standing as one of the greatest writers of our time.

In this expanded edition of her spiritual formation classic, Ruth Haley Barton invites us to an honest exploration of what happens when spiritual leaders lose track of their souls. Weaving together contemporary illustrations with penetrating insight from the life of Moses, Barton explores topics such as facing the loneliness of leadership, leading from your authentic self, reenvisioning the promised land and more.

I & EC InterVarsity Press

The story of the Salem Witch Trials told through the lives of six women Six Women of Salem is the first work to use the lives of a select number of representative women as a microcosm to illuminate the larger crisis of the Salem witch trials. By the end of the trials, beyond the twenty who were executed and the five who perished in prison, 207 individuals had been accused, 74 had been "afflicted," 32 had officially accused their fellow neighbors, and 255 ordinary people had been inexorably drawn into that ruinous and murderous vortex, and this doesn't include the religious, judicial, and governmental leaders. All this adds up to what the Rev. Cotton Mather called "a desolation of names." The individuals involved are too often reduced to stock characters and stereotypes when accuracy is sacrificed to indignation. And although the flood of names and detail in the history of an extraordinary event like the Salem witch trials can swamp the individual lives involved, individuals still deserve to be remembered and, in remembering specific lives, modern readers can benefit from such historical intimacy. By examining the lives of six specific women, Marilynne Roach shows readers what it was like to be present throughout this horrific time and how it was impossible to live through it unchanged.

God's Final Answer to Job's Controversy: the Leviathan Basic Books

The original CliffsNotes study guides offer a look into critical elements and ideas within classic works of literature. The latest generation of titles in this series also feature glossaries and visual elements that complement the classic, familiar format. CliffsNotes on The Crucible takes you into Arthur Miller's play about good and evil, self-identity and morality. Following the atmosphere and action of the Salem witch trials of the 1600s, this study guide looks into Puritan culture with critical commentaries about each act and scene. Other features that help you figure out this important work include Life and background of the author Introduction to the play Character web and in-depth analyses of the major roles Summaries and glossaries related to each act Essays that explore the author's narrative technique and the play's historical setting A review section that tests your knowledge and suggests essay topics and practice projects A Resource Center for checking out details on books, publications, and Internet resources Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides.

Step back in time to 1692 in Salem, Massachusetts and experience the corruption and ignorance of the Salem witch trials. Our resource is easily customizable, allowing educators to pick and choose elements to meet their needs. Focus on vocabulary comprehension by matching words from the text to their definitions. Test student understanding of the play by asking students to fill in the dialog with the missing words from the scene. Expand critical thinking skills with short-answer opinion questions.

Supplement an existing unit with in-depth writing tasks, such as evaluating Reverend Hale's waning confidence in witchcraft that takes place throughout the play. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: The Crucible is the award-winning play written by Arthur Miller about the Salem witch trials of 1692. One night in Salem Massachusetts, a group of girls are caught dancing in

the woods by Reverend Parris. His own daughter falls into a coma soon after, and the town is ablaze with talks of witchcraft. The Reverend sends for Reverend Hale to examine the girl for witchcraft. Hale concludes that the town of Salem is in fact engulfed in witchcraft as one by one the girls accuse other townspeople of communing with the devil. A trial ensues causing those accused to either deny these allegations, or confess, thus accusing someone else. This cycle finally culminates in the death of several innocent townsfolk. The Crucible is a historical dramatization of true events that show reputation is more important than admitting ignorance.

The Crucible of Doubt

A literary study guide that includes summaries and commentaries.

Official Gazette of the United States Patent and Trademark Office

This insightful book offers a careful, intelligent look at doubt—at some of its common sources, the challenges it presents, and the opportunities it may open up in a person's quest for faith.

Journal of the American Chemical Society

Analytical Chemistry, Volume 24: The Analytical Chemistry of the Noble Metals describes the procedures for the separation, extraction, and analysis of noble metals. This book is composed of seven chapters, and begins with a survey on the influence of metallurgical factors on the susceptibility of platinum and gold metals to various corrosive agents. The succeeding chapter provides the methods of isolation of osmium and ruthenium from associated platinum metals and from base metals. A chapter examines the application of gravimetric methods for the separation of seven noble metals, including ruthenium, osmium, rhodium, iridium, palladium, platinum, and gold. Other chapters consider the procedures for volumetric, spectrophotometric, and spectrochemical analysis of noble metals. The concluding chapter describes the features and attributes of the equipment for noble metal analysis. This book is of value to analytical chemists and workers and researchers in metallurgy.

Short Papers in the Geologic and Hydrologic Sciences. Articles 147-292

One of America's foremost scholars of religion examines the tumultuous era that gave birth to the modern Judeo-Christian tradition In The Crucible of Faith, Philip Jenkins argues that much of the Judeo-Christian tradition we know today was born between 250-50 BCE, during a turbulent "Crucible Era." It was during these years that Judaism grappled with Hellenizing forces and produced new religious ideas that reflected and responded to their changing world. By the time of the fall of the Temple in 70 CE, concepts that might once have seemed bizarre became normalized—and thus passed on to Christianity and later Islam. Drawing widely on contemporary sources from outside the canonical Old and New Testaments, Jenkins reveals an era of political violence and social upheaval that ultimately gave birth to entirely new ideas about religion, the afterlife, Creation and the Fall, and the nature of God and Satan.
