Education
Esmeralda Santiago's story
begins in rural Puerto Rico,
where her childhood was full of
both tenderness and domestic
strife, tropical sounds and sights
as well as poverty. Growing up,
she learned the proper way to
eat a guava, the sound of tree
frogs in the mango groves at

night, the taste of the delectable
sausage called morcilla, and the
formula for ushering a dead
baby's soul to heaven. As she
enters school we see the clash,
both hilarious and fierce, of
Puerto Rican and Yankee
culture. When her mother,
Mami, a force of nature, takes off
to New York with her seven,
soon to be eleven children,
Esmeralda, the oldest, must learn
new rules, a new language, and
eventually take on a new identity.
In this first volume of her much-
praised, bestselling trilogy,
Santiago brilliantly recreates the
idyllic landscape and tumultuous
family life of her earliest years

and her tremendous journey
from the barrio to Brooklyn,
from translating for her mother
at the welfare office to high
honors at Harvard.

¡ Avancemos!. John Wiley & Sons A TikTok sensation, this rom-com about a young woman who agrees to fake date a colleague and bring him to her sister ' s wedding has “ everything you could want in a romance ” (Helen Hoang, New York Times bestselling author).

Catalina Mart í n desperately needs a date to her sister ' s wedding. Especially since her little white lie about her American boyfriend has spiralled out of control. Now everyone she knows—including her ex and his fianc é e—will be there and eager to meet him. She only has four weeks to find someone willing to cross the Atlantic and aid in her deception. New York to Spain is no short flight and her raucous family won ' t be easy to fool. Enter Aaron Blackford—her tall, handsome, condescending colleague—who surprisingly offers to step in. She ' d rather refuse; never has there been a more aggravating, blood-boiling, and insufferable man. But Catalina is desperate, and as the wedding

draws nearer, Aaron looks like her best option. And she begins to realize he might not be as terrible in the real world as he is at the office. Vocabulary Power Plus for the New SAT Savvas Learning Company "This is a program that focuses on all 3 modes of communication (interpersonal, presentational, interpretive) and was designed with the Common Core State Standards (CCSS) in mind." --Amazon/Publisher. Bilingual Grammar of English-Spanish Syntax Ingram It's true that some people spend years studying Spanish before they finally get around to speaking the language. But

here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning

his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with

traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the

book . You don't need to go abroad to learn a language any more.
