If you need to write a term paper, choose your topic, then start

researching that topic.

Use your research to craft a thesis statement which states the main idea of your paper, then organize all of your facts into an outline that supports your thesis.

alsciencepapers.blogspot.com: [BIOLOGY TERM TEST PAPERS](#)

A term paper in biology is usually written as the result of an original laboratory or field (library) investigation so it is written in a form of a research report or a literature review.

Biologists have a standard format that is used for reporting research results. The most general structure

for a research report in biology is:
