Human Geography a Spatial Perspective AP Edition Nystrom

This twelfth edition of Human Geography retains the organization and structure of its earlier versions. Like them, it seeks to introduce its users to the scope and excitement of geography and its relevance to their daily lives and roles as informed citizens. We recognize that for any students, human geography may be their first or only

work in geography and this, their first or only textbook in the discipline. For these students particularly, we seek to convey the richness and breadth of human geography and to give insight into the nature and intellectual challenges of the field of geography itself.

book that geography continues to  
hold us all in an unrelenting grip  
and that we are all born into  
natural and cultural  
environments that shape what we  
become, individually and  
collectively.

Prentice Hall  
Human Geography: Culture, Society and Space challenges

students to think geographically across scale and across a wide range of geographical phenomena and global issues. The authors engage the students throughout the text by posing geographical questions that encourage students to think critically about their own locality, region, nation, and world. In the Eighth Edition, the authors reformat the text to 14 chapters, provide a clear outline of key questions for each chapter, integrate their own field experiences, and rewrite the text to guide students through answers to geographic questions. The Eighth Edition includes three new chapters: "Identity: Race, Ethnicity and Gender," "Local Culture, Popular Culture, and Cultural Landscapes," and "Geographic Networks." The concepts of globalization, identity, development, sense of place, and construction of scale are infused throughout the text. The author team draws from studies in geography and across disciplines to bring a broad and up-to-date perspective on the kinds of research geographers have done

---

and are currently doing on a wide range of human geography topics. In the Eighth Edition, de Blij and Murphy welcome new coauthor Erin Hogan Fouberg (South Dakota State University), who brings her expertise in geography education and political geography. The author team created a new pedagogy and writing style for the Eighth Edition that make the book more accessible to students and faculty.
