"I too am not a bit tamed—I
too am untranslatable / I
sound my barbaric yawp
over the roofs of the
world."—Walt Whitman,
"Song of Myself," *Leaves
of Grass* The American
Yawp is a free, online,
collaboratively built
American history
textbook. Over 300
historians joined together
to create the book they
wanted for their own
students—an accessible,
synthetic narrative that
reflects the best of recent
historical scholarship and
provides a jumping-off
point for discussions in
the U.S. history classroom
and beyond. Long before
Whitman and long after,
Americans have sung
something collectively
amid the deafening roar of
their many individual
voices. The Yawp
highlights the dynamism
and conflict inherent in the
history of the United
States, while also looking
for the common threads
that help us make sense
of the past. Without losing
sight of politics and
power, The American
Yawp incorporates

transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The *American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking

their own questions about how the past informs the problems and opportunities that we confront today.
