APA style, 6th edition, calls for a references list that includes every source used in a research paper but only those sources. References Citing a book in the references list calls for the author's surname first, followed by the first initial, the publication date in parenthesis, the title in italics with only the first word capitalized and the publication location and publisher name, separated by a colon.

Amazon.com: apa 7th edition

The 7th edition APA Manual, published in October 2019, is the most current edition. However, the 6th edition, published in 2009, is still used by many universities and journals. However, the 6th edition, published in 2009, is still used by many universities and journals.

APA Style
