### Study Guides - APA Referencing

The APA referencing guide was created in the hopes that it would provide a coherent and professional manner of citing sources for students and researchers in the fields of social and behavioural sciences.

### A guide to APA referencing – 6th edition

APA style referencing is commonly used in the social and behavioural sciences. An APA reference consists of two elements: The in-text citation: A brief reference in brackets when you mention a source, citing the author's last name and the year of publication, e.g. (Smith, 2019). It identifies the full source in the reference list.
