Chambers's Cyclopaedia of English Literature Broadview Press

In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors, extensive explanatory annotations, and an unparalleled number of illustrations and contextual materials. Innovative, authoritative and comprehensive, The Broadview Anthology of British Literature has established itself as a leader in the field. The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. The two-volume Broadview Anthology of British Literature: Concise Edition provides an attractive alternative to the full six-volume anthology. Though much more compact, the Concise Edition nevertheless provides instructors with substantial choice, offering both a strong selection of canonical authors and a sampling of lesser-known works. With an unparalleled number of illustrations and contextual materials, accessible and engaging introductions, and full explanatory annotations, this edition of the acclaimed Broadview Anthology provides concise yet wide-ranging coverage for British literature survey courses. Sylvia Townsend Warner, Stevie Smith, J.M. Coetzee, Eavan Boland, and Zadie Smith are among those given full author entries for the first time. There are also new selections by a number of authors who were already included in the anthology—among them Seamus Heaney, Margaret Atwood, and Carol Ann Duffy. There are new contextual materials as well—including material on “The Natural, the Supernatural, and the Sublime” in the Age of Romanticism section, and material on “The New Art of Photography” in The Victorian Era. The new edition concludes with a new section offering a range of poetry, fiction, and non-fiction prose under the heading “Literature, Politics, and Cultural Identity in the Late Twentieth- and Early Twenty-first Centuries.” The Concise edition will also now include a substantial website component, providing for much greater flexibility. And an increasing number of works from the full six-volume anthology (or

from its website component) are being made available in stand-alone Broadview Anthology of British Literature editions. (Tennyson’s In Memoriam, for example, which was previously included in these pages, will now be available both as part of a stand-alone Broadview Anthology of British Literature edition of Tennyson’s selected poetry and as part of the website component of the anthology’s Concise Edition.)

The full anthology comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible by using the passcode obtained with the purchase of one or more of the bound volumes. For the second edition of this volume a number of changes have been made. Elizabeth Gaskell's "Our Society at Cranford" has been added, as has Anthony Trollope's "A Turkish Bath." Charles Dickens is now represented with a number of short selections. The selection of poems by D.G. Rossetti has been expanded considerably (the entire 1870 House of Life sequence is included), as has that by Michael Field. A selection of poems by two key figures who also appear in the anthology's twentieth century volume (Thomas Hardy and W.B. Yeats) is also now included. Several of the Contexts sections in the volume have been expanded—notably "The Place of Women in Society," which now includes material concerning the Contagious Diseases Acts) and "Britain, Empire, and a Wider World," which now includes a section on the Great Exhibition of 1851. The volume will also include additional visual material—including four more pages of full color illustrations. Inevitably, some selections have been dropped from the bound book; these will all remain available, however, on the anthology's website component. The most significant change in that direction is Dickens's *A Christmas Carol*. As well as remaining available on the website, that work—like *Hard Times*, *Great Expectations*, and approximately 100 other titles from the Victorian period, is available as a stand-alone volume in the Broadview Editions series, and may be added (at little or no additional cost to the student) in a shrink-wrapped combination package.

AP English Literature and Composition Princeton Review

"We think of the nineteenth century as an active age - the age of colonial expansion, revolutions, and railroads, of great exploration and the Great Exhibition. But in reading the works of Romantic and Victorian writers one notices a conflict, what Stefanie Markovits terms "a crisis of action." In her book, *The Crisis of Action in Nineteenth-Century English Literature*, Markovits maps out this conflict by focusing on four writers: William Wordsworth, Arthur Hugh Clough, George Eliot, and Henry James. Each chapter offers a "case-study" that demonstrates how specific historical contingencies - including reaction to the French Revolution, laissez-faire economic practices, changes in religious and scientific beliefs, and shifts in women's roles - made people in the period hypersensitive to the status of action and its literary co-relative, plot."--BOOK JACKET.
