## Signs and Symbols Triumph Books (IL)

It's early morning in the Amazon rain forest. A caiman glides through the waters of a muddy river. Suddenly, with a huge splash, a jaguar leaps from its hiding place on the riverbank. In an instant, the jaguar sinks its sharp teeth into the caiman's thick, scaly skin. The caiman struggles and tries to fight back, but it's no match for the powerful jungle cat. Filled with information perfectly suited to the abilities and interests of its primary-grade audience, this colorful, fact-filled book gives readers a chance not only to learn all about jaguars and their Amazon rain forest home, but also to develop their powers of observation and critical thinking. Built-in investigations, such as figuring out how the jaguar's fur pattern helps it to hunt, and

measuring the predator's sharp canine teeth, give readers a chance to gain insights beyond the facts and figures.

There is an art to capturing a photo that tells a story. You need to know what belongs in the frame and what to leave out, what to emphasize in the photo that adds to the story, and how to use light, shape, and color all to express meaning while lending aesthetic value to the image itself. Vincent Laforet – Pulitzer Prize-winning photographer and voted one of the "100 Most Influential People in Photography" by American Photo – gives a

rare look into the art of photography through his lens as a master editorial and commercial photographer. This beautiful book contains full-color spreads, with scene details and technical information to help tell the visual stories of larger-than-life life events such as Hurricane Katrina, the Olympic Games, and the war zone of Pakistan. With over 100 photos included, you will gain important insights into how you can achieve similar looks—blending what the camera does with the stories you want to tell. Learn how the principles of photojournalism can be applied to telling stories with a single image. Use light, shape, and color to create rich photos that tell the story as well as add sensitivity to beauty and emotion. Learn how the relationship between foreground and background can be used to creatively produce images with strong impact, and choose lenses

Pro Oracle Application Express 4 is your key to mastering one of the most innovative products to come out of Oracle in years. Application Express, termed "APEX" for short, is fast becoming one of the easiest and most widely-used of tools for creating enterprise-level applications that run against an Oracle database. APEX is easy enough

for power users to create ad-hoc applications atop something more reliable than a spreadsheet. Yet APEX is powerful and extensible enough to enable fully-scalable, enterprise-level applications that are accessed by thousands of users. Authors Tim Fox, John Scott, and Scott Spendolini take you to the professional level in developing for Application Express. They show how to handle user authentication in enterprise environments and how to extend APEX by writing components based upon Oracle's new plug-in architecture. You'll learn to deal with localization issues such as time zones and translations, and to customize the look and feel of an APEX website to blend in with your corporate branding strategy. The authors also cover web service development, performance and scalability, and the production issues that you encounter in enterprise-level deployments. Many years of experience in solving the "hard problems" are coalesced in this book to help you, the reader, take advantage of all that APEX has to offer. Focuses on

---

high-end, enterprise-level development Covers new features such as plug-ins and Websheets Introduces the new interface released with APEX 4.0

*Thomas Register* Apex Predators of the Amazon R Since 1997 Jim Taylor's online DVD FAQ has been the most current and complete source of information on this rapidly growing technology, and visitors to the site have been clamoring for a print version. ### *Celebrating the Holy Eucharist*

On February 17, 2009, analog television broadcasting in the United States will end. As of that date, all television stations will switch to digital TV broadcasts -- effectively making obsolete every analog television set in the country. What do you

---

need to do to keep watching television after the switch to digital? Do you need to buy a new television set? If so, what kind of set? Do you need a fancy high definition TV? Or is there a way to make your old TV still work with the new digital broadcasts? Should you switch to cable or satellite television? And what is digital television, anyway? These are just a few of the questions people are asking as the switch to digital TV approaches. All of these questions and more are answered in this short book. Don't be one of the tens of millions of people who are confused about the switch to digital TV and may lose their broadcast signal on February 17! Buy this book and take the guesswork out of the switch to digital TV! What you can learn in

this book -

- o What is the difference between Digital TV and HDTV
- o How to switch your analog antenna reception to digital
- o What you need to do if you are a cable, DSL or satellite subscriber
- o How to connect a digital converter box
- o Tips on shopping for a new digital TV
- o Great solutions to your digital TV problems

### **Fortune**

Explore the world of the hit game through the eyes of the lovable robot, Pathfinder, as he chronicles his journey throughout the various environs of the Outlands to interview his fellow Legends -- all in the hope of finally locating his mysterious creator. The rich history of Apex Legends is explained by the characters that helped to shape it, as are their unique bonds of competition and camaraderie.
