**Agenda for Social Justice**  
Routledge

The new, updated edition of the authoritative and comprehensive survey of modern sociology *The Wiley Blackwell Companion to Sociology, Second Edition* is an authoritative survey of the major topics, current and emerging trends, and contemporary issues in the study of human social relationships and institutions. A collection of contributions from globally-recognized scholars and experts explore the theoretical and methodological foundations of sociology, new and established debates, and the most current research in the field. Broad in scope, this book covers a multitude of topics ranging from crime, urbanization, sexuality, and education to new questions surrounding big data,

---

authoritarian capitalism, and the rise of nationalism. Since the first edition of the Companion was published, new developments have emerged and new problems have been created such as the omnipresence of social media, political and institutional upheaval, and the global refugee and immigration crises. This revised and updated second edition describes and explains social changes that have occurred in the past several years, both within the field of sociology and society as a whole. Previous material has been updated to reflect current research, while eleven new chapters address topics including feminist theory, debt and social change, and armed conflict and war. This comprehensive volume: Offers an engaging and accessible guide to the field of sociology, revised and updated for the second edition Presents wide-ranging, comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state-of-the-art scholarship and contemporary

debates New chapters for the second edition cover essential topics including feminist theory, armed conflict, big data, authoritarian capitalism, debt and social change, and the rise of nationalism The Wiley Blackwell Companion to Sociology, Second Edition is an invaluable resource for academics and graduate students, researchers, scholars, and educators in the discipline of sociology and allied fields such as anthropology, human geography, political science, and psychology. Modern Sociological Theory Prentice Hall For a freshman-level course in Introduction to Sociology. This classic introduction to sociology as a perspective gives students a sound understanding of key sociological concepts as well as insight into how sociologists view society and human beings. Clearly written and organized, it shows students how the various

---

aspects of sociology fit together and are relevant to their own lives.

Test Bank - Sociology In A Changing World John Wiley & Sons

This engaging two-volume study pursues a balance between theoretical and practical sociology. Volume I, subtitled ' Theoretical Perspectives ' , focuses on the problems and prospects of applied sociology in an era of globalization. The essays emphasize the close association of applied sociology with altruism, identity formation, race and ethnicity. They evaluate the empirical ' truths ' of sociological theories and examine their relevance for contemporary research, poverty, demographic issues and social policies. The authors agree that the ultimate test of theory is the

extent to which it can produce knowledge that ' works ' .

### **Facing An Unequal World**

Houghton Mifflin Harcourt P

Social theory is central to the disciplines of sociology, cultural studies, criminology and media studies. Many students, however, find it difficult to relate theory to their other courses, projects, dissertations and theses, let alone imagine themselves producing theory. In contrast to conventional social theory textbooks that restrict themselves to the description and analysis of theories and what other professionals have said about them, this innovative book shows students how to use, criticise and contribute to the development of theory. Treating theory as a variety of 'visual work' that is intimately connected with

---

the process of empirical investigation, and with the help of clear diagrams and carefully chosen quotations, Part 1 provides an exceptionally clear introduction to the different ways of practicing social theory. Part 2 provides a practical example of how to theorise by producing and demonstrating the effectiveness of a new concept of reflexivity in the course of an outline of the history of the development of social theory since 1945. This is important reading for students and researchers in sociology and related fields. Social Problems CHANGDER OUTLINE

"Raquel Sosa Elízaga has assembled an incredibly complete set of analyses of inequality written by a range of scholars about a wide range of issues. Incomparable essential reading." - Immanuel Wallerstein, Senior Research Scientist,

Sociology, Yale University  
Over recent decades, living conditions in poorer countries have deteriorated, leaving us faced with the present phenomenon of global inequality. Arguably the biggest challenge of the 21st Century is the confrontation and eventual elimination of the processes of structural inequality that affect these millions of human beings today. Facing an Unequal World tackles and critically examines key issues and challenges for global sociology across these interrelated themes: The dimensions of inequality and the configurations of structural inequalities and structures of power Conceptions of justice in different historical and cultural traditions Conflicts on environmental justice and sustainable futures The social injuries of inequality, and overcoming inequalities Written by a selection of international key sociologists and academics, this is a valuable resource for

---

undergraduate and postgraduate students, and researchers in sociology alike.

*Sociology After the Crisis*  
Policy Press

This illuminating book offers a fresh and contemporary guide to the field of sociology. By demonstrating the versatility of the sociological imagination, the authors reveal the ways in which thinking sociologically can help us to understand the personal, social and structural changes going on in the world around us. Using real world case studies, the book addresses key sociological themes such as:

- global social transformations
- social divisions and inequalities
- social theory and its practical applications
- the personal and the political

Providing a set of concepts, tools and perspectives for analysing our social world, the book equips the reader with an understanding of how to start thinking sociologically. With helpful features such as end-of-chapter summaries, key

definitions and recommended readings, it is an invaluable resource for students taking an introductory sociology course or those studying sociology at further or higher education level.

**EBOOK: Scoping the Social**  
SAGE Publications

This complete guide helps students review and reflect on the material presented in the text. Each of the chapters in the Study Guide provides an overview of the corresponding chapter in the student text, summarizes its major topics and concepts, offers applied exercises, and features end-of-chapter tests with answers.

Sociology Prentice Hall Key Ideas in Sociology, Third Edition, is the only undergraduate text to link today's issues to the ideas and individuals of the era of classical sociological thought.

---

Compact and affordable, this book provides an overview of how sociological theories have helped sociologists understand modern societies and human relations. It also describes the continual evolution of these theories in response to social change.

Providing students with the opportunity to read from primary texts, this valuable supplement presents theories as interpretive tools, useful for understanding a multifaceted, ever-shifting social world. Emphasis is given to the working world, to the roles and responsibilities of citizenship, and to social relationships. A concluding chapter addresses globalization and its challenges.

### Social Problems and Inequality

Chandresh Agrawal

The Agenda for Social Justice: Solutions for 2016 provides accessible insights into some of the most pressing social problems in the United States and proposes public policy responses to those problems. Written by a highly respected team of authors brought together by the Society for the Study of Social Problems (SSSP), it offers recommendations for action by elected officials, policy makers, and the public around key issues for social justice, including a discussion of the role of key issues of sustainability and technology in the development and timbre of future social problems. It will be of interest to scholars, practitioners, advocates, and students interested in public sociology and the study of social problems.

**Discourse on Applied Sociology: Practising perspective** Routledge

---

This introductory text offers a dual emphasis on individual and structural sociology, as well as emphasizing culture, everyday life and a use of down-to-earth examples. Each chapter ends with a question-and-answer review. A companion website with online study guide is available.

*Sociology* SAGE

Includes bibliographical references and index.

### Essentials of Sociology

Addison Wesley

Publishing Company

Widely assigned and taught in senior capstone and social theory courses, *Sociology After the Crisis* offers the first systematic theory of social differences built on the sociological traditions by embracing to Durkheim, Weber and

other familiar figures. The first edition was acclaimed for its nuanced and original rereading of Durkheim in relation to the theoretical reasons he and his contemporaries neglected race and gender. This new edition features two chapters of new material written in the summer of 2003, as the new social structures of the 21st century became increasingly clear. The new Chapter Ten draws upon 9-11, the "new world order" of two Bush presidencies, and globalization to show how individuals' lives and sociologies must be thought about in new ways. These events also highlight how American society and sociology have responded and sometimes failed in the

---

struggle over the crisis of modernism. Reviews for the First Edition: "[This] expansive reimagining of the historical roots of sociological imagination - especially as it embraces voices and visions long lost to our most important national debates - is balm to the fractured soul of American society.

Lemert's elegant and passionate volume will aid immeasurably in our nation's search for sane solutions to the crises of purpose and perspective he so skillfully explores."

Michael Eric Dyson, author of *Making Malcolm* and *Between God and Gangsta' Rap* "Elegantly crafted." Steven Seidman, State University of New York at Albany

*Sociology in Focus* SAGE Publications

Starting *Sociology* can be daunting. This user-friendly introduction takes the reader on a quest towards a sociological understanding of the world we live in. Using contemporary examples, *The Sociological Quest* asks what is distinctive about the way Sociologists view society. Haydn Aarons and Evan Willis show that they are concerned with the relationships between the individual and society, and that a sociological analysis involves an approach which is historical, cultural, structural, and critical. This sixth edition has been thoroughly revised and updated and includes new material on identities, social change, social movements, populism, climate change, the COVID-19 pandemic, digital interaction, and social media. Also included in the sixth edition is an expanded chapter on empirical research in Sociology and the research process, as well as a new chapter on careers in Sociology.

*Thinking Sociologically*

---

HarperCollins Publishers

This text and reader presents the fundamental concepts and principles of sociology in a highly readable, concise way. It illustrates these core concepts and principles through thought-provoking readings drawn from a variety of classic and contemporary sources.

Sociology: The Key Concepts

SAGE Publications

This book discusses the rationale for community, the varieties of communities, the effect of social change on communities and many other factors, tying the concept to the various levels of human interaction, from the global to the individual.

**Sociology Full Circle**

Prentice Hall

An essential A-Z guide to the full range of sociological thought, **Sociology: The Key Concepts** is an important addition to the established and

successful **Key Concepts** series. Fully cross-referenced with an extensive glossary, this accessible text also includes: alphabetical listings of key concepts for ease of use suggestions for further reading to enhance understanding of areas covered entries on 'traditionalism' 'race and racialization' and 'modernity'. Bringing together an international range of highly regarded contributors from the full spectrum of disciplines, this useful reference guide is the ideal resource for those studying or interested in this popular area.

**The Sociological Quest**

McGraw-Hill Education (UK) Presents sociological concepts using cross-cultural and global examples, news reports from popular sources,

---

real-life vignettes, and case studies. Learning aids include vignettes, color graphics and photos, discussion and review questions, chapter summaries, and key terms. This fourth edition contains new chapters on social interaction and global inequality, an increased focus on the major sociological perspectives, expanded treatment of feminist issues, and new boxed readings on other societies, social diversity, and current issues. Annotation copyright by Book News, Inc., Portland, OR  
Sociology in Focus Policy Press

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Now with SAGE Publishing,

and co-authored by one of the foremost authorities on sociological theory, the Eighth Edition of *Modern Sociological Theory* by George Ritzer and Jeffrey Stepnisky provides a comprehensive overview of the major theorists and theoretical schools, from the Structural Functionalism of early 20th century through the cutting-edge theories of the late 20th and early 21st centuries. The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers.

*Key Concepts in Sociology*  
McGraw-Hill Companies  
*Sociology in Today's World*

---

explores why sociology is important and relevant to everyday life. It teaches students how to think sociologically, not just what to think, and shows how sociology can help us make sense of our lives. It comprehensively covers key aspects and current issues in Australian and New Zealand society, whilst emphasising the importance of diversity and a global perspective.
