A tour-de-force by rising indy comics star Gene Yang, American Born Chinese tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover

that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. American Born Chinese is an amazing ride, all the way up to the astonishing climax. 1 Sydney University Press Poetry. In Noel Sloboda's second book of poems, he delves beneath the surface of suburban life, weaving together ancient myths, childhood nightmares, and historical reveries. **OUR RARER MONSTERS** explores intersections between real and imagined geographies: a residential block where Grendel lives next door and Prospero is parked out in the street. These poems--and the accompanying linocuts by Marc Snyder--plumb the depths of memory to unearth roots that bind us to the literary, cultural, and mythological traditions of yesterday as we hurtle irresistibly through the twenty-first century. "Noel Sloboda's **OUR RARER MONSTERS** is an imaginative book full of wonder and charm."--Jeannine Hall Gailey "I kept coming back to Sloboda's poems and to Marc Snyder's exquisite
