someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you 'd be able to create using those same ideas. Well, finally, somebody has.

The world ' s #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today ' s top pro

photographers use to make stunning images. You ' re going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone ' s camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to

help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You ' ll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive

DSLR or mirrorless camera.

- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.

- How to organize and edit your photos like a pro!

- The pros' top tips for

making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, "Wait...you took this?!"

does a deep dive
into iCloud,
Apple's wireless,

free syncing
service for Macs,
PCs, iPhones, and
iPads. Perfect for
newcomers. Get
crystal-clear,
jargon-free
introduction to the
Dock, the Mac OS
X folder structure,
Safari, Mail, and
iCloud. Go in-
depth. Learn how
use key new
features such as
full-screen apps,
Mission Control,
the new Mac App
Store, Launchpad,
Resume, Auto
Save, Versions,
AirDrop, and
more. Are you
even more of a
power user? Learn
to set up a
network, make a
Lion flash drive,

and even learn the basics of Lion's underlying Unix. There's something new on practically every page of this new edition, and David Pogue brings his celebrated wit and expertise to every one of them.

Apple's brought a new cat to town, and Mac OS X Lion: The Missing Manual is the best way to tame it.

iPhone "O'Reilly Media, Inc."

The Apple iPhone 12 Pro Max is the largest screen size variant of the iPhone 12 series.

With a 6.7-inch OLED screen, the iPhone 12 Pro Max features an Apple A14 Bionic processor as well as its Neural

Engine chip. The smartphone has options of 128GB, 256GB and 512GB of storage, quad-camera with three 12 megapixel lenses plus a 3D TOF lens with LiDAR technology, 12-megapixel selfie camera, image stabilization, 5x optical zoom. The device also stereo speakers, fast and wireless charging, certified IP68 resistance to dust and water and runs iOS 14. In this guide, you will learn how to master and set up all the essential features of the new iPhone 12 Pro Max, including basic and advanced tips and tricks to help you navigate the iPhone 12 Pro Max interface and the use of the latest operating system, iOS 14, like a pro. This guide is

ideal for both beginners and experts. This book contains images, practical illustrations and step by step instructions to help you maximize user experience and quickly master your device like an expert. Here is a preview of what you'll learn: Set Up iPhone 12 Pro Max Disable iCloud Auto Sync for Photos and Videos Set Up your Cellular Plan with eSIM How to Enable Emergency SOS Create and Change Apple ID on the iPhone Set up Exchange Mail, Calendar and Contacts Set Up Apple Pay Set Up Apple Pay Cash How to Request Payment with Apple Pay Cash How to take Burst Pictures How to take Night Photos Change Image Detail and Aspect Ratio Set

[iPhone 11 User
 Manual](#) Apress
 With multitasking
 and more than a
 100 other new
 features, iPhone 4.0
 is a real treat,
 cooked up with
 Apple's traditional
 secret sauce of
 simplicity,
 intelligence, and
 whimsy. iPhone:
 The Missing
 Manual gives you a
 guided tour of
 everything the new
 iPhone has to offer,
 with lots of tips,
 tricks, and
 surprises. Learn
 how to make calls
 and play songs by
 voice control, take
 great photos, keep

track of your schedule, and much more with complete step-by-step instructions and crystal-clear explanations by iPhone master David Pogue. Whether you have a brand-new iPhone, or want to update an earlier model with the iPhone 4.0 software, this beautiful full-color book is the best, most objective resource available. Use it as a phone -- learn the basics as well as time-saving tricks and tips for contact searching, texting, and more. Treat it as an iPod -- master the ins and outs of iTunes, and listen to music, upload and view

photos, and fill the iPhone with TV shows and movies. Take the iPhone online -- make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files. Go beyond the iPhone -- learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read ebooks in iBooks. Unlock the full potential of your iPhone -- with the book that should have been in the box.

iPhone 11 User Guide "O'Reilly Media, Inc."
If you believe

some news stories, the latest iPhone update (iOS 7) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this though doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There

are three ways to get it:1. Download it from the Apple iBookstore (it's free)2. Get it online by going to manuals.info.apple.com3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'.So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email.It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 6) then you will most probably find it useful.If you are ready to learn read on!
