**Mobile Suite Quick Start Guide for MicroStrategy 9.2.1m** Lulu.com  
Automator for Mac OS X 10.6 Snow Leopard: Visual QuickStart Guide uses a combination of task-based instruction and strong visuals to teach intermediate Macintosh users how to automate repetitive, time-consuming tasks with the Automator application that is included with Mac OS X 10.6 Snow Leopard. Automator comes with many useful automated routines (called actions) preinstalled, for lots of popular applications, that do things like remove empty playlists from iTunes or add attachments to Mac Mail. The real power of Automator lies in mixing and matching these actions to have them do exactly the job you want. They're put together in a string of actions known as a workflow. Author Ben Waldie introduces readers to how Automator works, and then helps them assemble and use Automator workflows.

### **MicroStrategy Suite Quick Start Guide for MicroStrategy 9.5** Litres

Grails is a full-stack web development framework that enables you to build complete web applications in a fraction of the time and with less code than other frameworks. Grails uses the principle of convention over configuration and the dynamic Groovy programming language. This revised and updated new edition shows you how to use Grails by iteratively building a unique, working application. By the time you're done, you'll have built and deployed a real, functioning website. Using this hands-on, pragmatic approach, you'll explore topics such as Ajax in Grails, custom tags, and plugins. You'll dig into Grails' powerful view technology, Groovy Server Pages, and see how you can easily leverage the help offered by scaffolding to create custom user interfaces faster than you would have thought possible. Along the way, you'll learn about domain classes, controllers, and GSP views. And you'll see how Grails enables you to use powerful frameworks such as Spring and Hibernate. With Grails, you can get a lot done with little effort. With this book, you'll get a lot done as well. Get started with Grails today. What You Need: Grails 2 will run on any machine that supports Java. Grails applications can be deployed on any Java Servlet container, including Tomcat, Jetty, WebLogic,

JBoss, and Websphere.

A Quick Start Guide to Mobile Marketing Peachpit Press  
Through much trial and error, I've mastered the ketogenic

diet. It sure was rough going at first. Like most people, I found text books too theoretical and blogs were contradictory and difficult to read. It was also very challenging to find recipes that would keep me in ketosis. There was clearly an information gap - I needed a quick start guide with concise explanations, tips and tricks and lots of practical everyday recipes. This guide fills all those gaps and I know from experimentation that all my tips & tricks and amazing recipes really work. You will be successful too! This e-book is designed to provide a practical and simplified guide to the ketogenic diet in easy- to-understand language that will facilitate a successful start. the book is organized into three parts. Part 1 provides a foundation of information to aid in understanding the basics of the ketogenic diet, how to get into ketosis and how to maintain it. Part 2 is full of tips and tricks to help you along the way. Part 3 contains a treasure of ketogenic recipes. A bibliography is also included for those who wish to pursue more detailed and technical information

Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our older generation who are technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new contacts, make emergency calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. This book is for Seniors Who Want To learn to use the iPhone 13 Pro Max But Can't Get Started A Simple Guide for Grandma and Grandpa Many times, Seniors receive the gift of an iPhone but are not shown how to use it. Although the Apple iPhone 13 from Apple is intended to be intuitive, it can still be very difficult for an average user not less a senior to understand how to use it. The iPhone 13 can be a difficult device to use, especially if you are from an older generation and not into technology which can make our granddads, and grandmas have a hard time setting up their new devices without requesting help. Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our older generation who are technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new contacts, make emergency calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. Just Imagine Being Able To:

- learn how to utilize all the functions and operations that the phone offers
- use a well-formatted book to help seniors like you use your phone
- learn about the latest updates, improvements, and changes on the new iPhone 13
- pass a message across with its large prints with fewer strains on the eyes
- teach seniors despite their low-tech knowledge in a language simple to understand ...And that's just for starters! Not Only That but Also:
- the book uses practical examples in explaining how to get the most out of your iPhone 13
- a user-friendly guide for anyone with even third-grade education to follow
- show you how to keep in touch despite aging eyesight and hearing
- learn more new phone tricks to keep up with the kids and grandkids
- large printing format suitable for those with eye sight issues So, if you are one of those people worried about how to set up

their new device, this guide can be useful to beginners and even those switching from Android to iPhone. You can also learn to use the GPS feature to search for places on maps. This book also covers: How to search for a place on maps How to send a text message to old and new contacts Introduction to Safari and Siri Activating Siri, changing wallpapers, setting screen time, and managing events How to use the iPhone 13 Pro exclusive feature called ProRes How to access some hidden camera functions that you probably did not expect a phone camera to have Click the Buy Now Button to order your copy of the book to get started.
